LEADING EUROPE TO A BATTERY POWERED FUTURE

Our unique patented 56V ARC Lithium™ batteries are designed to maximise performance. Delivering unmatched versatility and performance, providing the right power for any task. Each battery is interchangeable across the entire EGO cordless range – delivering optimum power and performance for every tool and every job.

Batteries designed to be better.

Our battery's unique ARC-shaped design and KeepCool™ Technology work together to lower temperature and prevent overheating and shutdowns. Each battery's intelligent power management system works hand-in-hand with all tools to ensure the very best power, performance and run time. EGO's superior battery technology really does deliver power beyond belief.

Experts in battery technology.

Our industry-leading innovation stems from a talented team of over 800 highly qualified technicians. Their expertise is the driving force behind our future-focused research and development, and our award-winning range of outdoor cordless products.

Experts in tool technology.

Our dedication to innovation doesn't stop with our battery. We listen to our users and have developed world-first patented tool technologies that answer some of the biggest user pain points in the industry, such as Line IQ™ Technology, Peak Power™ Performance and Powerload™ Technology.

Smarter, Greener ways
to work outdoors.

ZERO EMISSION

At EGO, we think beyond performance. Our experts are relentless in their drive to innovate tools for a better world. EGO's 56V ARC Lithium™ batteries not only outperform fuel, they are better for the environment. Petrol-powered outdoor tools produce more nitric oxide, nitrogen dioxide and carbon dioxide than car engines. With zero toxic emissions in use, EGO power tools are cleaner, quieter, and safer. Without the need for fossil fuel, they are also cheaper to run and maintain. Our cordless tools are designed with smart features that pose no risk to users' health and are comfortable to use for prolonged periods.

CHALLENGE 20/25

Challenge 2025 is our commitment to educate and empower outdoor power equipment users to pick the only logical choice when purchasing new gardening equipment: battery powered. It's time to leave petrol where it belongs, in the past. Leading to significant reductions in harmful emissions and noise, while increasing safety and user comfort. For more information on Challenge 2025, visit www.challenge2025.eu.

Beyond challenge 2025 –
our ongoing commitment
to support environmental
initiatives.

We believe it's not just about making improvements to help the environment, but actively participating in its repair. Our commitment to environmental stewardship remains steadfast. Our goal is to pledge support for initiatives that promote reforestation, protect ecosystems, and benefit local communities across the globe.

A BATTERY DESIGNED LIKE NO OTHER

EGO's unique patented 56V ARC Lithium™ battery delivers unmatched versatility and performance, providing the right power for every task.

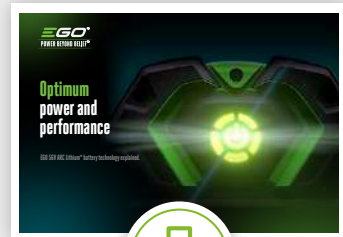

Our team of experts has revolutionised battery technology to deliver the optimum power and performance for outdoor cordless tools. EGO's unique 56V ARC Lithium™ batteries deliver the power you need to complete any task. The eight portable batteries in our range can be used flexibly with each one of our cordless tools.

Key to its performance is the battery's intelligent design.

The innovative ARC shape of our 56V battery increases surface area, placing the battery cells close to the surface to maximise cooling and prevent overheating. Each battery cell is surrounded by EGO's unique KeepCool™ Technology, designed to absorb heat energy and keep the cells at their optimum temperature for longer run times. Software and microprocessors monitor and optimise each cell to deliver the best power and performance for every job.

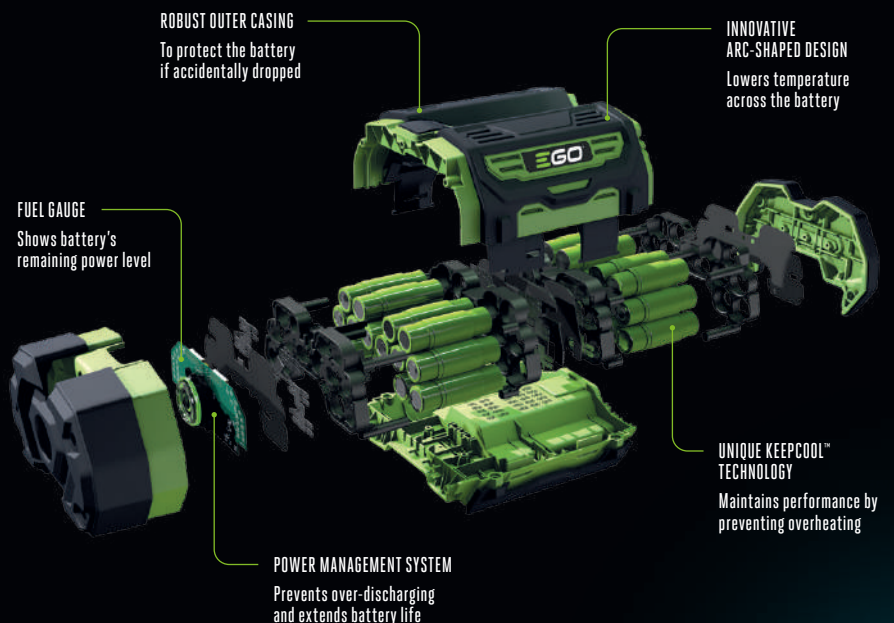

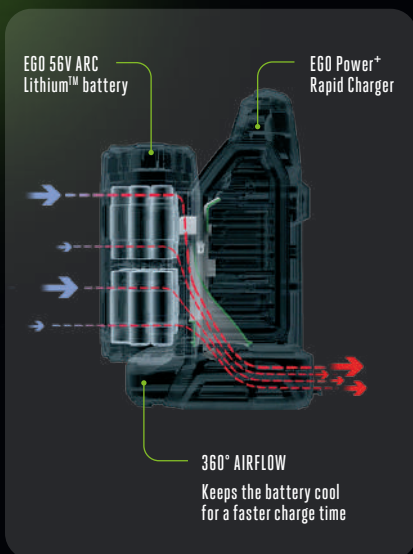

Super fast recharge.

Our commitment to innovation not only delivers the right power for every task, it also means that when it's time to recharge, the EGO Power+ 56V ARC Lithium™ battery is one of the quickest around.

For more information on how EGO Power+ batteries work, and what makes them so revolutionary, download the Battery FAQ document on our website.

egopowerplus.co.uk/faqs

EGO POWER+ ARC LITHIUM™ BATTERY, DESIGNED TO MAXIMISE PERFORMANCE

The patented 56V ARC Lithium™ battery doesn't just manage heat, it maximises cooling.

A battery gets hotter the longer it's used. The more power it generates, the more heat is released. Too much heat and the battery will shut down for safety. Heat also degrades cells over time, reducing battery life. That's why batteries must be cooled effectively to increase performance, run time and battery life.

Our batteries have been designed to cool effectively in three innovative ways:

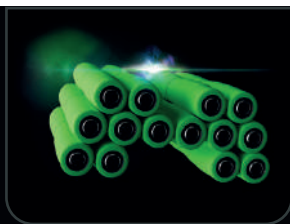

Mechanically – EGO's unique ARC shaped arrangement of battery cells.

Chemically – EGO's unique KeepCool™ Technology.

Electronically – EGO's industry-leading intelligent power management system.

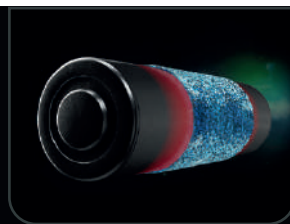

EGO'S UNIQUE ARC SHAPED DESIGN

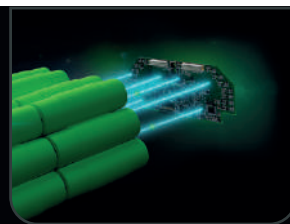

INCREASED SURFACE AREA

The battery ARC shape has been carefully designed to optimise cooling and reduce overheating. Unlike "brick shaped" batteries, the individual battery cells are positioned adjacent to the external housing so heat can be easily transferred away from the cells.

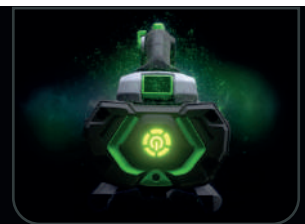

KEEPCOOL™ TECHNOLOGY

It's not just the innovative ARC design that helps prevent overheating. The battery has another clever way to keep cool. Each and every cell is surrounded by our unique KeepCool™ phase change material that absorbs heat energy and keeps individual cells at their optimum temperature for longer run times.

INTELLIGENT POWER

Power is nothing without control. It's why the EGO Power+ 56V ARC Lithium™ battery is continuously controlled by software and microprocessors within the battery and by the tools' intelligent power management systems. These constantly monitor and optimise each individual cell, to deliver the very best power, performance and run time.

EXTERIOR MOUNTED BATTERY

Unlike other manufacturers, EGO batteries fit onto the outside of all EGO hand-held tools and are not encased within the tool, which means they stay cool to deliver longer lasting power. To keep them safe and sound, the electronics are protected from dust and moisture by a resin coating and the cells are packaged in a robust case that absorbs shocks and vibrations.

ANY BATTERY, MORE THAN 100 TOOLS

Our industry-leading 56V ARC Lithium™ batteries work with all EGO Power+ tools, even our Pro X range. With great performance and long run times, simply select your tool, click in and go.

THE POWER TO OUTPERFORM PETROL

Introducing the innovative EGO Power+ system from the cordless specialists. EGO Power+ delivers petrol-matching power without noise, fuss, or emissions.

Our industry-leading 56V ARC Lithium™ battery technology offers a high level of performance, giving you the power you need to keep working hard until the job's done. With impressive run times and fast recharge, there's no need to purchase or store highly flammable fuel. Instead, you get the freedom to work emission-free. For total flexibility, all of EGO's 56V ARC Lithium™ batteries fit every tool in the EGO Power+ 56V range.** Just click in the battery and you're ready to go. When you try this revolutionary cordless system you'll never look back.

The support of our service dealer network.

EGO approved service dealers can help you select the most suitable tools for your needs, give you face-to-face advice and provide a diagnostic service to keep your tools running for years to come. With a nationwide network of EGO approved service dealers, you're never too far from the support you need.

Industry-leading warranties.

Domestic user

For domestic users we offer a 5-year warranty on all tools and a 3-year warranty on batteries, when registered within 30 days of purchase.***

Professional user

We offer professional users a 3-year warranty on the Pro X range, and a 2-year warranty on the Professional range when tools are registered within 30 days of purchase.***

*Warranties for RM4000E Robotic mower are 3 years for tool and 3 years for battery. Warranties for RM2000E Robotic mower are 3 years for tool and 2 years for battery (when registered within 30 days). See page 59 for further details

**For portable handheld batteries. EGO Robotic Mowers and 12V Shrub Shears are not compatible with ARC Lithium™ 56V battery system.

***For defects caused by material or manufacturing fault. This does not cover wear and tear. Full terms and conditions are available on our website.

SWITCH TODAY

The EGO Power+ system outperforms petrol without any of the downsides. It's simpler, cleaner, quieter – and with less vibrations, more comfortable to use. Lower running and maintenance costs means switching to EGO Power+ leads to long term savings too. Its cutting-edge battery technology delivers optimum power and performance for every tool and for every job. Plus, with zero emissions during use, it reduces your impact on the environment.

WHY CHANGE FROM PETROL TO EGO POWER+?

SUPERIOR BATTERY TECHNOLOGY

Our industry-leading 56V ARC Lithium™ batteries deliver intelligent, balanced, petrol matching power for all EGO tools

POWERS 100+ TOOLS

EGO 56V ARC Lithium™ batteries work with all EGO Power+ tools*, offering ultimate flexibility and efficiency to complete any job of any size

BETTER FOR THE ENVIRONMENT

With zero emissions during use, our 56V ARC Lithium™ battery gives petrol-matching power but without the fuss and fumes

LOWER RUNNING COSTS

The cost of running an EGO Power+ product for a month is around the same as using a 2 stroke product for a day**

BETTER FOR YOUR HEALTH

EGO Power+ tools always operate at lower noise and vibration levels than traditional petrol-powered tools

FOLD FLAT, EASY STORE DESIGN

Unlike large, heavy petrol mowers, the EGO Power+ fold-flat design makes storage, cleaning and transportation simple

BETTER FOR THE ENVIRONMENT

With zero emissions during use, our 56V ARC Lithium™ battery gives petrol-matching power but without the fuss and fumes

SAVE TIME

No more trips to the petrol station. EGO's rapid charger refuels our intelligent batteries in as little as 30 minutes

NO PETROL TO STORE

No more dangerous fuel in storage, no more fumes, make more space available for other things

*For portable handheld batteries. EGO Robotic Mowers and 12V Shrub Shears are not compatible with ARC Lithium™ 56V battery system.

**Based on average daily use of 3 litres of post mix fuel per day.

NEW FOR 2025

OUR LATEST INNOVATIONS

The 2025 collection continues to push the boundaries of innovation, with an expanding Pro X category, new advancements in mower, blower and multi-tool ranges, together with EGO's new Pro X Blower - the most powerful hand-held battery blower on the market.

Each new product has EGO's unrivalled ARC Lithium™ Technology at its core, giving you the power to tackle even bigger and tougher tasks with the same impressive run times and rapid recharge as always.

CHOOSE THE RIGHT TOOL FOR ANY TASK

EGO's range of outdoor power equipment is designed to deliver an outstanding level of performance for every outdoor job, providing the right balance of power and usability for domestic, professional and specialist users.

EGO's unique ARC Lithium™ cordless technology combines with best-in-class ergonomic design to deliver maximum power and efficiency for working outdoors.

Work smarter. Work healthier.

Any EGO battery will fit any EGO tool** (see pages 8-9), so you can choose the right combination to suit your challenge:

- Range of 8 portable batteries and 1 backpack battery available, so you can choose the optimum power-to-weight ratio for any task.
- Belt and back harness-mounted options for lighter working.
- Backpack battery options for the most demanding jobs in all weathers.

EGO outdoor power equipment allows you to work in a cleaner, quieter and safer way. EGO delivers the power of petrol, without the emissions, noise and vibration associated with petrol-powered products – better for you and better for the environment.

The best battery power, from the cordless specialists.

Our results speak for themselves.

Our average product rating* is

SUPER-TOUGH, SUPER-POWERFUL RANGE FOR PROFESSIONAL AND SPECIALIST USE

A super-tough, super-powerful range of tools designed for garden maintenance professionals, facilities management and specialists.

The EGO Power+ Pro X range is engineered to work harder, all day, every day, in the most challenging conditions. Ergonomic design meets unrivalled power and performance in the Pro X range. These tools push the boundaries of battery technology, with the power and performance to surpass petrol-powered equivalents. Built to last, the Pro X range delivers clean, quiet, safe and productive working.

**PETROL-MATCHING PERFORMANCE
FOR DOMESTIC GARDENS**

**A range designed for heavy-duty use,
perfect for large garden maintenance
and landscaping professionals.**

Ideal for everyday use, the EGO Power+ Professional range gives you the edge when facing tougher tasks for longer periods. This range includes additional features, designed to make light work of larger garden maintenance tasks. Whether working in a large garden or tackling commercial jobs, you can rely on EGO Power+ Professional tools to be powerful, hard-wearing and robust.

**A complete range of cordless
outdoor power tools, ideal for
regular domestic use.**

EGO Power+ tools are designed for regular use in domestic gardens. EGO Power+ tools gives domestic users, cordless, petrol-matching power without the noise, fuss or emissions. With EGO's outstanding level of performance built-in as standard – tackle every garden maintenance task with ease.

POWER YOUR BUSINESS ALL DAY LONG

In a world that's constantly evolving, so too are our demands for outdoor power equipment.

Over recent years battery powered OPE has increased in popularity. However, there still remain concerns around robustness and performance when comparing battery power to more traditional petrol powered equipment. These concerns have been well and truly answered with the launch of EGO's groundbreaking range of battery-powered professional outdoor power equipment and charging solutions. With a focus on incredible performance, flexible fast charging, and seamless connectivity through IoT and fleet management, EGO are revolutionising the way professionals tackle outdoor tasks.

The toughest tools for the toughest tasks.

EGO's new Pro X tools have been developed for demanding professional use in the toughest of environments. Special design features such as carbon fibre components, steel drive shafts, robust gear boxes and cast aluminium mower decks, ensure strength, stability, and durability in extreme conditions. Plus, with EGO's industry-leading battery power and performance, each tool exceeds their petrol-powered equivalent.

New product introductions for 2025 include the new Pro X hand-held Blower, Pro X Backpack Blower and Pro X Multi-tool Power Head, all designed for comfortable, tough, all day working.

A breakthrough in all day power.

At the centre of the new extended EGO Pro X range is the PGX Power hub which provides flexible charging solutions to meet the individual needs of the user. Whether it's charging at the depot, into a vehicle, or even in the middle of a forest, EGO have the solution. Capable of charging up to 70 batteries overnight (14 hours), the EGO PGX Power Hub ensures run time anxiety is a thing of the past, taking all day professional working to the next level. For further information, see page 33.

Stay connected.

With the new EGO Connect and Fleet apps, plus wireless/Bluetooth® connectivity, it's easy to remotely manage large fleets of tools, including control of tool charging, tool usage over time, tool maintenance periods and firmware upgrades.

PGX Charging System is capable of charging more than 250Ah of energy overnight

MINIMAL VIBRATION, NOISE **AND COST**

EGO tools deliver all the power of petrol tools without the physical stresses, noise and vibration.

Choosing EGO's low-vibration cordless tools helps to avoid the risk of Hand-Arm Vibration Syndrome (HAVS). Also known as 'Vibration White Finger', it can cause painful and disabling disorders of the blood vessels, nerves and joints.

Comfortable for all day use.

With a smooth brushless motor and fewer moving parts, all EGO tools have been designed to operate with low levels of vibration, often under the 2.5m/s² Exposure Action Value limit (EAV) and well below the Exposure Limit Value (ELV). This allows users to work comfortably all day.

Quieter working conditions.

Daily exposure to noisy petrol tools can lead to increased work-related stress, hearing loss and Tinnitus – a permanent ringing sensation in the ears. EGO tools are much quieter than petrol-powered alternatives and reduce the risk of increased stress levels and potential hearing loss over long term use.

COST COMPARISON PETROL VS. EGO POWER+

Cost Estimates are based on purchasing STX4500 String Trimmer, LMX5300-SP Walk Behind Mower, HTX5300-P Hedge Trimmer, and LBPX8000 Leaf Blower plus the 4 x 10Ah batteries, 1 x 5Ah, 1 x 7.5Ah and PGX Charging system to run all four tools, and petrol-powered equivalent tools and fuel.

PETROL		PRO X RANGE	
INITIAL OUTLAY YEAR 1 TOOLS £4,005.00		TOOLS £2,616.00	
SERVICING £360.00		BATTERIES & CHARGERS £3,323.00 x6

COMFORTABLE ALL DAY USE

The ergonomic EGO Power+ backpack harnesses and battery holster are the most comfortable way to enjoy EGO's industry-leading power. They evenly distribute weight for an easier, more comfortable way to work.

Image shown as a kit BH1001

BH1000 BACKPACK HARNESS

The BH1000 is ideal for taking the weight of the battery from your arms. This provides greater stability and comfort especially when using our larger batteries over prolonged periods.

BHX1000 PRO X BACKPACK HARNESS

The BHX1000 has been designed with the professional user in mind and when used together with the AFH1500 Harness (supplied separately or as part of a kit) provides exceptional comfort for all day use. The BHX1000 is compatible with the Pro X series and with the ADB1000 adapter can be used with other EGO tools. The AFH1500 Harness (supplied separately) is compatible with the BHX1000 and the BAX1500 Pro X backpack battery.

ABH3000 PRO X BATTERY HOLSTER, CABLE AND ARBORIST'S STROP

The holster is designed to house the EGO battery, which is perfectly matched for use with the EGO Power+ Pro X Top Handle Chainsaw to deliver optimal torque and power for professional arborists. The safety-strop attachment integrates with the battery cable and belt or harness to keep you and your team safe in the trees.

BIG POWER BIG BENEFITS

COMPATIBLE WITH EVERY EGO POWER+ TOOL*

HIGH-EFFICIENCY BATTERY LIFE

DETACHABLE BATTERY AND HARNESS

WORK HEALTHIER

Without strains, musculoskeletal problems, or emissions.

COST EFFECTIVE

Purchasing and running the Pro X Hedge Trimmer, Line Trimmer and Leaf Blower could save you as much as £4500 in 5 years**, compared with their petrol-powered equivalents. Costs estimated on run times of 6 hours a day, 170 days a year.

BAX1500 PRO X BACKPACK BATTERY

The EGO Power+ Pro X backpack battery delivers the power output and run times needed for demanding jobs. All minus the noise, emissions and vibration. The BAX1500 can work through the most extreme weathers and its tough casing is designed to withstand any drops or knocks.

*For best working efficiency, the EGO Pro X Lawnmower and EGO Pro X Backpack Blower are not compatible with the EGO Backpack Battery, EGO Backpack Harness or EGO Battery Holster.

**Dependent on the tool and based on an 8 hour working day.

FAST CHARGING TIMES

When it comes to recharging our range of batteries, the EGO Power+ charger keeps you working for longer. Charging 5Ah batteries in 30 minutes, the CH7000E-T reduces charging times so that you can get back to the task in hand.

The innovative fan-cooled system allows charging to start sooner and finish faster; while the intelligent battery control system constantly monitors each cells power and temperature to deliver the most efficient and quickest charge.

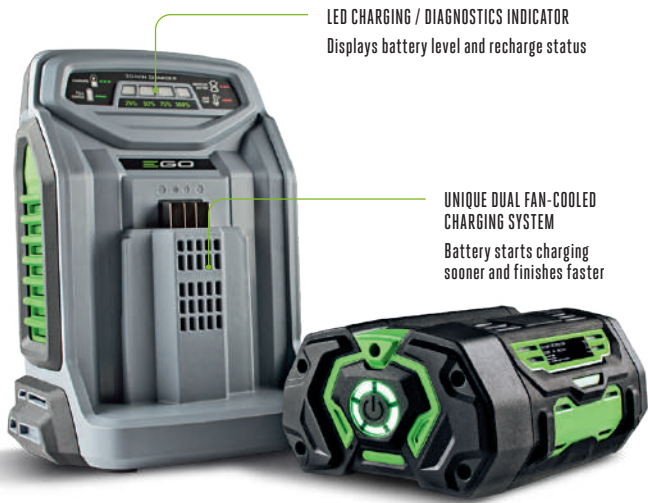

CH7000E-T
700W RAPID+ CHARGER

Boasting an impressive charge time of under 30 minutes for the 5.0Ah battery, this charger features an integrated LED charging indicator and an intelligent battery control system. This fan-cooled charger provides the most efficient charge possible.

CH3200E
320W QUICK CHARGER

Charging the 2.5Ah battery in just 35 minutes, our light-weight charger is among the fastest on the market. This fan-cooled charger, equipped with an intelligent battery control system is complete with an integrated LED charging indicator for clear battery diagnostics.

LED CHARGING / DIAGNOSTICS INDICATOR
Displays battery level and recharge status

POWER+ 1600W CHARGER

LED CHARGING INDICATOR

WALL MOUNTED

DESIGNED TO CHARGE EGO RIDE-ON MOWERS, EGO RIDE-ON TRACTOR MOWERS AND EGO MULTI-PORT CHARGING CASE.

COOLING FAN

CHARGING CABLE HOOK

ACA1000 CHARGING ADAPTOR

Use with the CH5500E EGO 550W Rapid Charger or the CH7000E-T 700W Rapid+ Charger in order to work with the Multi-Port Charging Case or Z6 ride-on mowers, EGO ride-on tractor mowers.

CHV1600E 1600W CHARGER

The EGO Professional 1600W Charger can charge six 10Ah EGO ARC Lithium™ Batteries in as little as 3 hours. It is designed to work with the EGO Multi-Port Charging Case, EGO Z6 Ride-on Mowers and EGO Ride-on Tractor Mowers.

POWER+ MULTI-PORT CHARGING CASE

CHARGE 6 PORTABLE EGO BATTERIES AT THE SAME TIME

EGO's Professional Multi-Port Charging Case will charge any combination of up to six EGO portable batteries at the same time - ideal for professional users.

EGO's intelligent power management system charges batteries with the lowest level of charge first, then brings all the batteries up to full charge at the same rate. Charging 6x 10Ah batteries in as little as 3 hours in combination with the 1600W charger.

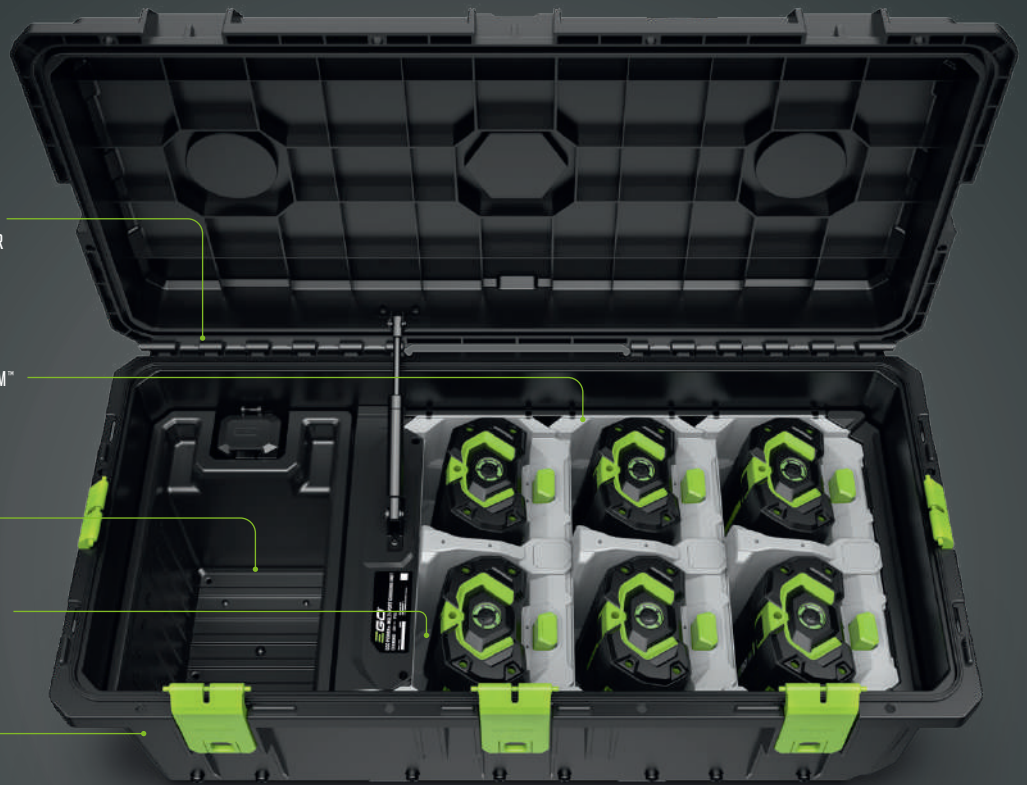

HINGED LID FOR WEATHER PROTECTION

FITS ANY EGO ARC LITHIUM™ HAND-HELD BATTERY

STORAGE

SIMULTANEOUSLY CHARGES UP TO 6 EGO PORTABLE BATTERIES

WHEELED FOR EASY TRANSPORT TO JOB SITE

CHU6000-K0004 MULTI-PORT CHARGING CASE & CHARGER

Includes CHV1600E 1600W charger.

CHU6000 MULTI-PORT CHARGING CASE

The Multi-Port Charging Case can be used directly with the EGO CHV1600E 1600W Charger or with the EGO 550W Rapid Charger (see page 29) when combined with the ACA1000 EGO Charging Adapter.

COMPARATIVE CHARGE TIMES

1600W CHARGER with case	6x 10Ah Portable Batteries	~ 3 Hours
550W RAPID CHARGER & CHARGING ADAPTER with case	6x 10Ah Portable Batteries	~ 8 Hours

POWER+ PRO X CHARGING SYSTEM

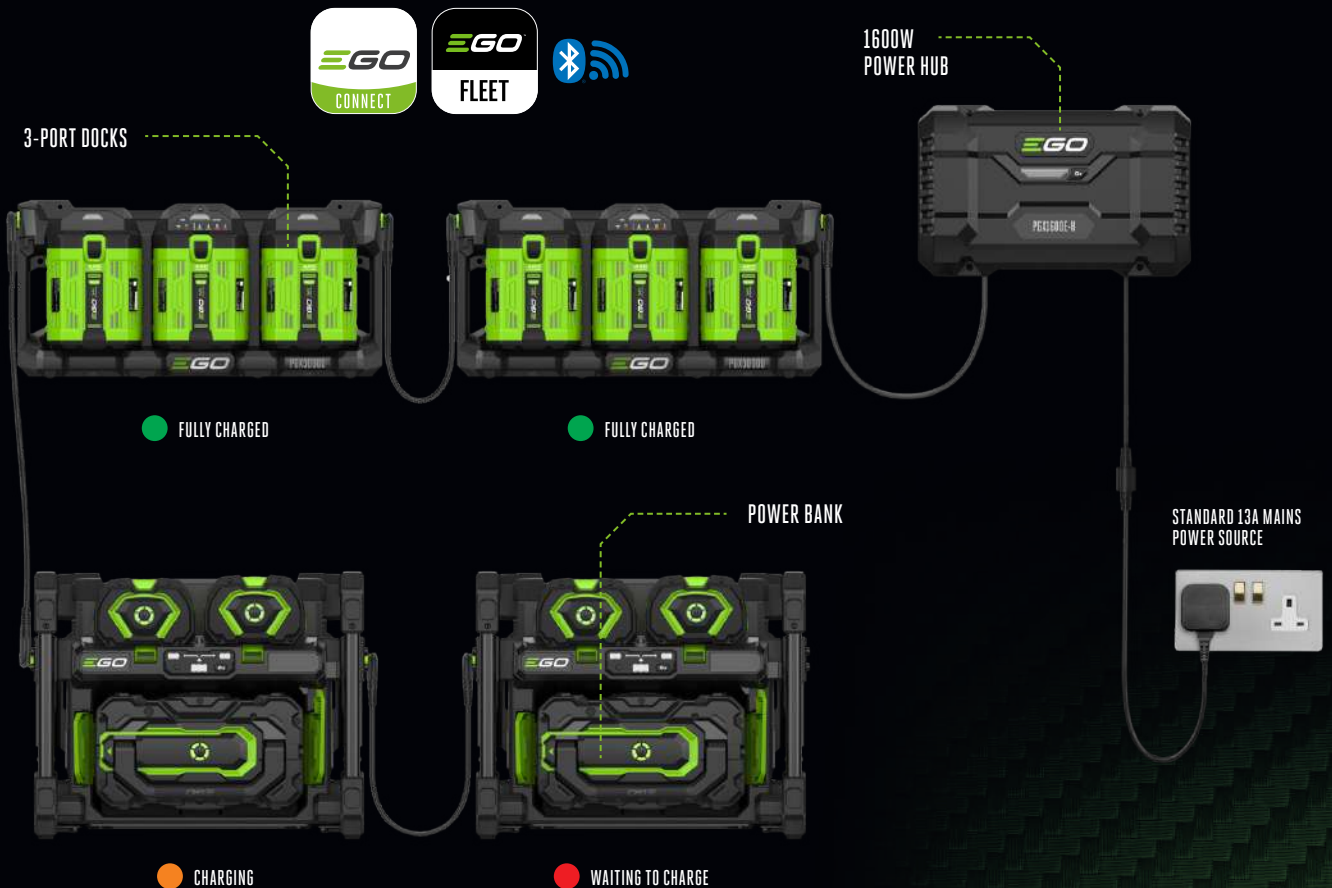

A BREAKTHROUGH IN ALL DAY LONG POWER

At the centre of the EGO Pro X battery charging system is a portable super-fast Power Bank charger that keeps Pro X tools working on-site all day long.

Combined with the new EGO PGX Power Hub, more than 250Ah of energy can be charged in sequence overnight – ready for the next day’s work.

The EGO Pro X Power Hub has IoT Bluetooth and WiFi connectivity to provide all the information needed to manage a fleet of Pro X tools – supplying data from all enabled EGO products and physically connected charging peripherals.

The EGO 1600W PGX Power Hub has been designed to connect with existing standard mains power supplies, so there’s no need to update the power supply for installation.

EGO[™]
PRO X

PGX1400PB PGX POWER BANK

The EGO PGX Power Bank uses the energy from the EGO Professional 40Ah High Capacity Battery to charge any of EGO's portable ARC Lithium™ Batteries.

This provides professional users with super-fast, efficient charging for all day working, and reduces the need to carry more batteries.

- Provides 2 x 700W charging ports for any EGO 56V ARC Lithium™ Batteries.
- LED indicator shows charging status.
- Includes handles for ease of transport.
- Stackable to save space.
- Connects to PGX1600E-H 1600W Power Hub for on grid fast charging.
- IoT wired data connection. Relays charging information via PGX Hub.
- Connects with the next charging peripheral to expand charging system indefinitely.
- Wall anchor point for storage and safe transport.
- Physical anti-theft device.

Remote charging on site

EGO[™]
POWER+
PROFESSIONAL

HC2240T 40AH HIGH CAPACITY BATTERY

Powers the EGO PGX Power Bank for on-site rapid charging of all EGO ARC Lithium™ portable batteries.

- Fuel Gauge shows remaining battery charge.
- Side interface locking for secure attachment to the charger.
- IoT Bluetooth enabled to relay data, monitor status and control.
- Integrated folding handle.

EGO[™]
PRO X

PGX3000D 3-PORT DOCK

Designed to connect to the EGO Pro X 1600W Power Hub.

- Accommodates up to 3 EGO 56V ARC Lithium™ Batteries.
- Led Indicator clearly shows charging status.
- Connects with the next charging peripheral, can expand charging system by up to 30 peripherals.
- IoT wired data connection. Relays charging information via PGX Hub.
- Wall mounting, E-Track compatible with separate accessory kit.
- Side Handles and Battery Retention Clip allows portability.
- Physical anti-theft device.

EGO[™]
PRO X

PGX1600E-H PGX 1600W HUB

Charges more than 250Ah of energy in sequence overnight.

- Led Indicator clearly shows Power Hub status while charging.
- Fan cooled for efficient charging.
- IoT Bluetooth and WiFi enabled to relay data from new compatible Pro X products and physically connected charging peripherals.
- Wall mountable, E-Track mounting accessories available.

IoT FUNCTIONS

- Monitor/view charging time and status
- Prioritise charging
- Charging completion reminder
- Battery optimisation
- Tool usage statistics: operational status, assignment and location, utilisation rates
- Firmware upgrades

A BATTERY FOR EVERY TOOL AND EVERY JOB

With a choice of 8 batteries and 1 battery backpack, choose the one that gives you the power and run time* you need.

KEY

	PRO X		RECOMMENDED / OPTIMAL
	NOT RECOMMENDED		COMPATIBLE / NOT OPTIMAL

* Run time may vary and depend on battery used, charge level of battery, condition of grass/hedge and user's operation technique

** Run time based on a 10cm x 10cm timber

*** Portable batteries must be used with either BH1000 or BHX1000 harnesses

**** The light will illuminate at 10,000lm in ambient temperature 25° C for 1 hour and will run for 2 more hours in brightness level 5. Please note that the 1 hour run time is dependent on ambient temperature. In a cooler environment the "Boost" mode will have a longer run time, but in a hot environment the "Boost" mode will have a shorter run time

~ Run times shown are for clearing up to 10cm of dry snow with 2x the battery listed. Run times vary based on snow depth, snow type and battery combinations

^~ Run times shown are for x2 of the batteries listed

EGO[™]
POWER⁺ MOWER

WITH A RANGE OF CUTTING CAPACITIES,
SELF-PROPELLED MODELS, AND PUSH BUTTON
START, TACKLE ANY SIZE LAWN WITH EASE.

THE POWER OF PETROL WITHOUT THE EMISSIONS

With lower running costs, zero emissions and significantly quieter than a petrol mower, the EGO Power+ mower range offers a variety of key features and cutting capacities to suit any lawn.

The self-propelled motor keeps you in control and makes light work of slopes and undulations. On a single charge, our battery gives you up to 1,900 sqm cutting area*. Automatic Variable Speed on selected models, delivers optimal cutting speed to maximise battery run time whilst maintaining grass cutting performance for different conditions.

The 3-in-1 functionality lets you drop, bag or mulch clippings (mulching kits are sold separately), while the LED headlights let you work further into the day. The efficient grass collection system, uses all available space in the collection bag, meaning less-frequent emptying. And when you're done, the easy-fold design makes cleaning and storage simple.

*Based on a 12.0Ah battery using LM1900E-SP. Cutting area can vary depending on model and battery as well as condition of grass and user operation technique.

LED HEADLIGHTS
Work further into the day

SINGLE BATTERY PORT
Compatible with all EGO portable batteries

UNIQUE HANDLE
For bagging and mulching selection

HIGH TORQUE, HIGH-EFFICIENCY MOTOR
For operation in all conditions

COMPOSITE DECK
For strength and stability

3 IN 1 OPERATION
Bag, drop or mulch clippings

AVAILABLE IN A RANGE OF CUTTING WIDTHS
42, 47, 52, 53 and 55cm cutting width options to suit any size of lawn

PUSH BUTTON START
Power up in seconds

TOUCH DRIVE AND SELF-PROPELLED MOTOR
For simple operation and control, takes the strain out of mowing sloping ground

BAG FULL INDICATOR
Lets you know when the bag needs emptying

QUICK RELEASE ALUMINIUM TELESCOPIC, FOLDING HANDLES
For easy emptying, cleaning and compact storage

ADJUSTABLE HANDLE HEIGHT
Easily adjusts to suit you, and the job in hand

LARGE CAPACITY BAG
Collects more grass and requires emptying less frequently

8-POSITION SPRING LOADED DECK HEIGHT ADJUSTMENT
Easily set different grass cutting heights from 20-100mm

SELECT CUT BLADE
Optimised for collection and mulching

LARGE DIAMETER WHEELS
For easy motion on different terrains

FOLDS IN SECONDS
For convenient storage and easy cleaning

Model shown: LM2230E-SP
Please note: some features are not available on all models.

A MOWER FOR EVERY LAWN

THE RIGHT TOOL FOR THE JOB

The EGO Power+ mower range showcases a variety of specifications designed to make lawn care quicker, easier and more efficient. And with model sizes ranging from 42cm to 54cm deck width, there's an option for every task and size of lawn.

Technologically advanced in every way, each mower packs incredible petrol-matching power as standard. Thanks to our revolutionary ARC Lithium™ 56V battery system, they make minimal noise, emit zero emissions, and start up at the touch of a button.

While these benefits apply to all EGO Power+ mowers, key differences make some models better suited to specific kinds of gardens.

Check out our handy diagram to the right to identify the size of lawn you can cut on a single charge, and therefore the mowers that are suitable for you.

Choosing the RIGHT mower:

Small, tight spaces, or close to trees.

For smaller spaces and improved precision around obstacles, mowers with a smaller cutting capacity are ideal.

Our compact 42cm models LM1700E or LM1700E-SP are perfect for smaller spaces.

Bigger, open spaces.

A mower with a wider cutting capacity will help you cover more ground in fewer passes. Opting for a bigger battery will increase run time, as will variable automatic cutting speed control. For a faster cut, a larger capacity bag can collect more grass and needs emptying less often.

Try our 52cm model LM2130E-SP or our 55cm model LM2230E-SP which makes even the biggest jobs feel small.

Sloping ground.

Using a self-propelled mower takes the strain out of pushing the mower uphill.

Our self-propelled mowers, LM1700E-SP, LM1900E-SP, LM2130E-SP, LM2020E-SP, LM2230E-SP and LMX5300SP are available in different cutting capacities to suit the size of your lawn, choose a wider cutting capacity for less passes.

Additional comfort.

If comfort is a priority, self-propelled mowers require less effort, and with an adjustable handle, you can decide on the most suitable height.

Choose the cutting capacity to suit the size of your lawn – a wider cutting capacity will mean less passes required to cut the lawn.

For all battery run times see pages 34-35.

Finishes.

The EGO Rear Roller Kit is a simple and effective way of enabling your EGO mower to stripe your lawn, giving you a manicured look whilst keeping the versatility of being able to mulch and rear discharge clippings.

REAR ROLLER KITS

Just add an EGO Rear Roller Kit to enable your EGO mower to stripe your lawn (please check that a Rear Roller Kit is available for your model - see below).

AR1700 available for LM1700E, LM1700E-SP
AR1900 available for LM1900E-SP
AR2100 available for LM2130E-SP

Grass cutting options.

There are 3 different ways that EGO Power+ mowers deal with cut grass. Great for lawns that aren't too thick, mulching redistributes grass particles and fertilising nutrients. Drop cuttings or rear discharge allows for quicker mowing through thick and long grass. Bag collection keeps lawns clear of any cuttings.

MULCHING KITS

The EGO Power+ Mulching Kit will allow the mower to cut and distribute fine grass cuttings back into the lawn to help retain moisture and nutrients for a healthier lawn.

ABP1700 available for LM1700E, LM1700E-SP

ABP1900 available for LM1900E-SP

ABP2100D-E available for LM2130E-SP

SELECT CUTX

Interchangeable multi-blade cutting system that allows you to choose between specialist mulching blade and bagging blade, to either distribute fine cuttings into your lawn or to collect cuttings into the large collection bag.

ABP2100D-E available for LM2130E-SP

LM1700E
42CM MOWER

Perfect for precision mowing in smaller spaces and medium sized gardens with level ground. Includes a 55L collection bag.

ACCESSORIES ALSO AVAILABLE

ONLY AVAILABLE AS KIT LM1701E

CUTS UP TO 400SQM ON A SINGLE CHARGE

LM1700E-SP
42CM SELF-PROPELLED MOWER

Perfect for mowing in smaller spaces and medium sized gardens. Self-propelled for tackling sloping and undulating lawns with ease. Includes a 55L collection bag.

ACCESSORIES ALSO AVAILABLE

ONLY AVAILABLE AS KIT LM1702E-SP

CUTS UP TO 480SQM ON A SINGLE CHARGE

LM1900E-SP
47CM SELF-PROPELLED MOWER

The wider cutting width is perfect for precision mowing of medium sized gardens. Self-propelled for tackling sloping lawns with ease. Includes a 55L collection bag.

ACCESSORIES ALSO AVAILABLE

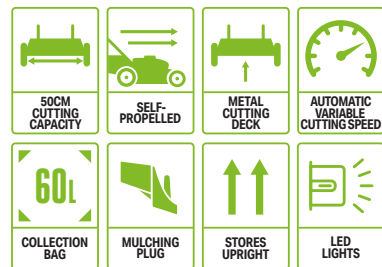

ONLY AVAILABLE AS KIT LM1903E-SP

CUTS UP TO 800SQM ON A SINGLE CHARGE

LM2020E-SP
50CM SELF-PROPELLED MOWER

The wide cutting width is perfect for precision mowing of medium and larger-sized gardens. Self-propelled with automatic variable cutting speed, ideal for large and sloping lawns. Includes a larger 60L collection bag.

ACCESSORIES ALSO AVAILABLE

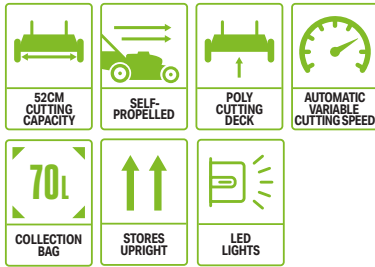

ONLY AVAILABLE AS KIT LM2021E-SP

CUTS UP TO 700SQM ON A SINGLE CHARGE

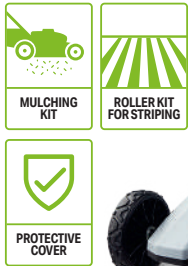

LM2130E-SP
52CM SELF-PROPELLED MOWER

The wide cutting width is perfect for precision mowing of larger gardens and wider spaces. Self-propelled with automatic variable cutting speed, ideal for large and sloping lawns. The Select Cut interchangeable multi-blade cutting system that allows you to choose between specialist mulching blade and bagging blade. Includes an extra-large 70L collection bag.

ACCESSORIES ALSO AVAILABLE

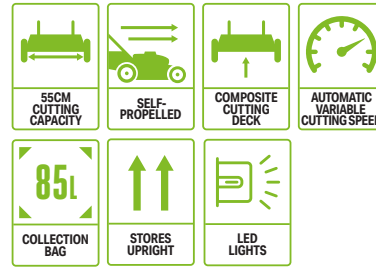

ONLY AVAILABLE AS KIT LM2135E-SP

CUTS UP TO 1000SQM ON A SINGLE CHARGE

LM2230E-SP
55CM SELF-PROPELLED MOWER

The wider cutting width is perfect for mowing of larger gardens and wider spaces. Self-propelled with automatic variable cutting speed, ideal for larger and sloping lawns. The new super-composite cutting deck is robust, lightweight and stable for prolonged use. Includes extra-large 85L collection bag.

POWER+ PRO X MOWER

PEAK[™]
POWER⁺
TECHNOLOGY

DUAL BATTERY PORTS
Combines two EGO ARC Lithium™ Batteries to provide extra PeakPower™ when required

ALL DAY POWER FOR THE TOUGHEST CUTTING CONDITIONS

The LMX5300SP has been designed with the professional user in mind. The backbone of the mower is the cast aluminium deck, which ensures that the mower is robust, stable and performs to a high level.

The dual battery ports provide Peak Power™ to the mower when more energy is needed, while the 1600W motor has ample torque, providing high power for tough cutting conditions.

Part of the Pro X range, ideal for users who demand tough and durable tools, the mower is also comfortable for all day use with self-propelled variable-speed adjustment, and adjustable handle height.

MULCHING PLUG**

LED HEADLIGHTS
Work further into the day

ROBUST BARRIER BARS
Protect the motors and housings, can also be used as handles

NEW PRO X CHARGING SYSTEM

For the ultimate in powerful all day working

Portable and super-fast – the Pro X DC:DC multi-battery charging system keeps Pro X tools working on-site all day long.

See page 32-33 for more details.

**CUTS UP TO
3500SQM**
WITH 2 X 10AH BATTERIES

**Optional accessories sold separately mulching plug and side discharge chute.

SIMPLE DURABLE CONTROLS

For self-propelled drive speed adjustment, blade speed adjustment, Bluetooth connectivity and headlight control

LARGE CAPACITY 85L COLLECTION BAG WITH LEVEL INDICATOR

Efficient grass collection, collects more grass and requires emptying less often

SINGLE-TUBE STEEL HANDLES

Fold flat for convenient transport, storage and easy cleaning - while still remaining durable

CAST ALUMINIUM DECK

Provides stability, durability and ensures outstanding performance

8 CUTTING HEIGHT ADJUSTMENTS

Via front and rear wheel levers, from 20mm to 105mm. A versatile and robust system

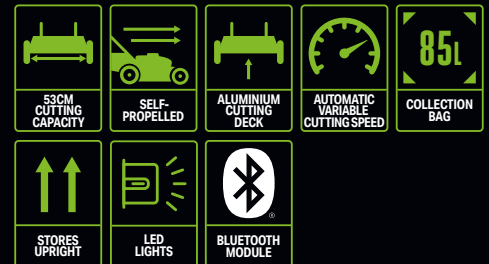

IoT READY WITH BUILT IN BLE MODULE

LMX5300SP

53CM PRO X SELF-PROPELLED MOWER WITH DUAL BATTERY PORTS

The wider cutting width is designed for mowing of large and wide spaces. Self-propelled with automatic variable cutting speed, two battery ports, and Peak Power™ Technology, ideal for all day working. The cast aluminium deck gives a robust stable performance. Includes an extra-large 85L collection bag.

EGO[™]

POWER⁺ RIDE-ON MOWERS

EGO'S RIDE-ON RANGE DELIVERS POWER THAT GOES BEYOND THE COMPETITION. PEAK POWER™ TECHNOLOGY COMBINES THE OPTIMAL POWER OF UP TO 6X 56V EGO ARC LITHIUM™ BATTERIES FOR TRULY EXCEPTIONAL PERFORMANCE.

POWER⁺ RIDE-ON MOWERS

OUTSTANDING BATTERY-POWERED RIDE-ON PERFORMANCE

The development of EGO's new ride-on mowers range is a testament to the ground-breaking success of the EGO Z6 ride-on mower. The world's first battery-platform compatible zero-turn ride-on mower proved that the combined power of EGO's revolutionary ARC Lithium™ batteries could more than match petrol-powered equivalents.

Also utilising up to six EGO ARC Lithium™ portable batteries, EGO's new Ride-on Tractor Mowers are set to equal the success of the EGO Z6 series. Allowing you to not only match the amount of energy you need for your mowing needs but also to use the same batteries with other EGO tools.

EGO ride-on mowers deliver the equivalent power of a 22-horsepower petrol engine, with less noise and none of the emissions. You can tailor the combination of batteries to suit the size of your lawn and grass-cutting preferences, while fully customisable digital controls give you the flexibility to match set-up and performance to the job in hand.

PEAKTM POWER⁺ TECHNOLOGY

Dialling up the power for those tough tasks has never been easier.

Peak Power™ Technology combines the power from your choice of two to six EGO 56V ARC Lithium™ batteries to deliver the performance of a petrol mower, automatically increasing the power for tougher cutting tasks.

Unmatched performance, effortless control, ultimate efficiency

Fully customisable to suit your ride

21 horsepower equivalent

Choose from a range of models and accessories for Side / Rear Discharge, Mulch or Collect functions

POWER+ RIDE-ON TRACTOR MOWER

T6

UNMATCHED PERFORMANCE, EFFORTLESS CONTROL, ULTIMATE EFFICIENCY

The new EGO ride-on tractors set the standard in battery powered collection and side-discharge mowers.

The powerful twin blades and pressed steel decks ensure that the mowers perform robustly with either efficient grass collection into the grass box at the rear of the mower, or rapid side-discharge. The central LCD control display is located on the dash making it easy to make adjustments to travel and blade speeds. Bluetooth connectivity allows the user to monitor machine performance as well as to ensure batteries are charged and ready for cutting.

**TR3800E-B
98CM RIDE-ON COLLECTION TRACTOR MOWER**

The EGO Collection Tractor benefits from efficient grass collection into a large rear 300 litre collection box to maximise cutting times.

POWER+ Z6 ZERO-TURN RIDE-ON MOWER

Z6

TRULY GROUND-BREAKING TECHNOLOGY

Introducing EGO's unique Z6 steering wheel model, featuring e-STEER™ Technology for advanced steering control and confidence.

Our newest Z6 model drives like a car and turns like a zero-turn simultaneously, with a precision steering wheel and the latest in digital steering technology – as well as offering the same world-first battery platform-compatibility as all EGO ride-on models.

With zero-turn capability, all EGO Z6 mowers can turn a full 360 degrees, on the spot, for perfect about-turns and for cutting around the tightest corners right up to the edge. While customisable driving modes and variable cutting speeds, give maximum flexibility for different cutting conditions.

EGO's revolutionary e-STEER™ Technology provides the ultimate in control and precision meaning the latest Z6 model drives like a car and steers like a zero-turn ride-on mower.

**DRIVE LIKE A CAR.

EGO[™]
POWER⁺ ROBOTIC MOWERS

**EGO'S ROBOTIC LAWN MOWERS – A MODERN SOLUTION
FOR AUTOMATED LAWN MAINTENANCE.**

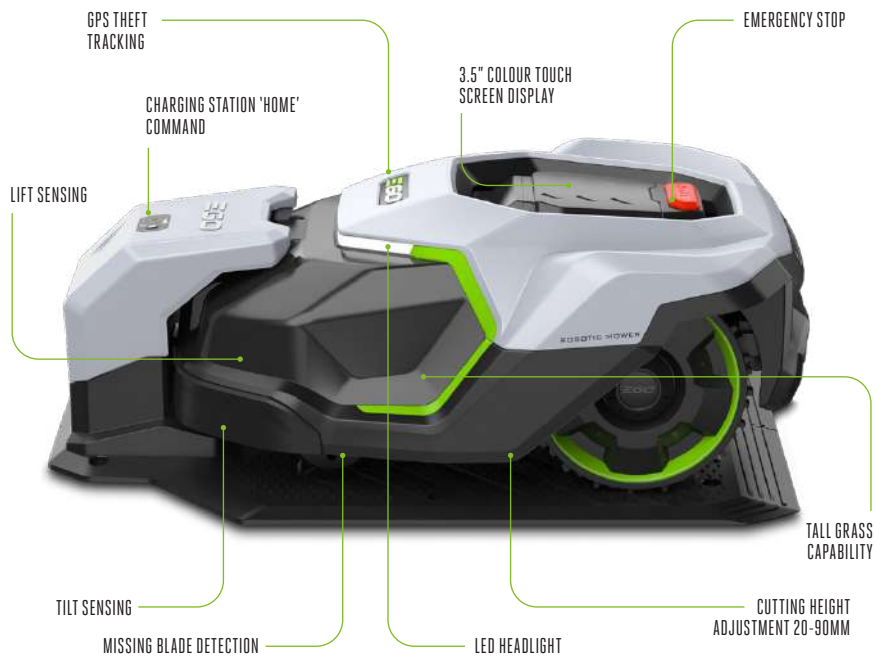

AUTOMATED LAWN MAINTENANCE

Introducing the EGO RM4000E and RM2000E robotic lawn mowers – your modern solution for automated lawn maintenance. Tailored for lawns up to 4,000m², these robotic mowers redefine the way you care for your outdoor space.

Equipped with smart GPS-supported navigation and capable of navigating gradients up to 50% within the work area, EGO robotic mowers adapt seamlessly to the complexities of your lawn. Using the intuitive 3.5" colour touch screen you can set schedules, adjust settings and send park commands making the control simple.

Designed to work with the new EGO Connect App on your mobile device. Included 4G connectivity allows you to manage and control all functionality remotely. While Bluetooth connectivity enables you to take remote control of the machine and mow both inside and outside the work boundary.

With PIN access control, lift and tilt sensors, and GPS-enabled security features, you can be reassured, knowing your investment is protected against theft and interference.

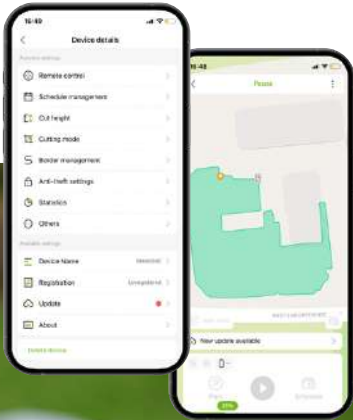

NEW FOR 2025

RM4000E / RM2000E ROBOTIC MOWERS

Remote controlled, automated lawn maintenance via the EGO Connect App on your mobile phone, with a choice of 2 models to suit the size of your lawn.

Specifications

With 2 models to choose from, you can find the right mower to suit the size of your lawn. Your EGO dealer can offer advice in finding the best solution to meet your needs. Powered by integrated Lithium-Ion batteries to deliver the power and run time to get the job done.

NOTE: Complex layouts and other obstacles may reduce the overall capacity of the machine.

Installation kits

AIKO150 150m of 3.4mm boundary wire, 300 stakes, 3 connectors, 2 couplers

AIKO300 300m of 3.4mm boundary wire, 500 stakes, 3 connectors, 2 couplers

AIKO400 400m of 3.4mm boundary wire, 750 stakes, 3 connectors, 2 couplers

EGO installation kits include all that you need to install the robot yourself, however, please speak to your EGO dealer who will be able to offer professional installation service and advice.

Accessories

AB1009R 9 mowing blades and screws to last 6 months.

Features

GPS assisted navigation, smart docking, systematic cutting: On board GPS capability allows the robot to navigate efficiently around your lawn, and find it's way back to charge without the need for any extra guide wires. Enabling systematic cutting prompts the mower to focus on small areas of the lawn at one time, in order to complete a cutting cycle more efficiently.

Enhanced features and control: Allowing you to expand your control over the mower and provide you with a tailored lawn care experience.

Advanced scheduling: Tailor machine operations to suit your needs.

Rain detection: Prevent the mower from operating in the rain and causing damage.

Live updates: View mowing progress and get instant alerts via EGO Connect App.

Remote control mowing: Connect your phone via bluetooth using the EGO Connect App and remote control your mowing, inside and outside the boundary wire.

Secondary areas: Include additional areas in your boundary wire that the mower cannot reach automatically, and you can manually start machine here to complete mowing.

EGO Connect App integration

Connect from anywhere: Access and manage your robotic mower from anywhere, whether you're at home, at work, or abroad.

Firmware updates: Your app will prompt you to update the machine keeping your mower running at its best.

Usage history and data for all connected EGO tools: EGO Connect gives you visibility of your tools' operating time to help you understand usage, provides service prompts, recommends maintenance, trouble shooting, fault indication, tool information, accessories lists and more.

EGO[™]
POWER⁺ CHAINSAW

BUILT FOR THE TOUGHEST JOBS, POWERED
BY OUR 56V ARC LITHIUM™ BATTERY
TECHNOLOGY, NOTHING GETS IN THEIR WAY.

BUILT FOR THE TOUGHEST TASKS

The EGO Power+ chainsaws are built to tackle even the hardest jobs. Trunks, logs, branches, nothing gets in their way.

Choose the EGO Power+ CS2000E for the latest in information displays to monitor battery charge level and speed setting, with an impressive 25m/s adjustable chain speed. Or choose Auto Chain Tensioning to maintain tension during use. Alternatively, tool-free chain tensioning is available for easy set-up and adjustment. Check the lubrication level through the oil inspection window and you're ready to go.

The electronic chain brake protects against kickback while you work. And, the auto-lubrication system keeps the chain moving freely at all times.

Plus with EGO's 56V ARC Lithium™ battery delivering such an impressive run time and incredible power on a single charge, it'll keep you working cut after cut after cut.

POWER+ PRO X REAR HANDLE CHAINSAW

THE POWER AND SPEED TO PERFORM

The first in a new generation of EGO rear handle chainsaws. Meeting the needs of professional users who need a ground saw to complete the toughest jobs. Balance is a key focus of the new design, ensuring the saw can be used for longer periods.

At a chain speed of 30m/s the saw provides the power and speed comparable to established petrol saws.

The CSX5000 utilises full chisel chains making cutting fast and efficient – with enough power to drive the 50cm chain to perform at its best.

The saw also features a new display screen that clearly shows oil level, battery capacity and adjustable speed.

INNOVATIVE DISPLAY SCREEN
Showing battery capacity, adjustable speed setting and oil level

METAL BUMPER SPIKES
For stable cross cutting

HANDLE POSITIONS
Ensure comfort when both cross cutting and felling

SUITABLE FOR BAR LENGTHS OF 40CM, 45CM AND 50CM
With efficient fast-cutting, full chisel chain

TRANSLUCENT OIL TANK
For easy level view with flat filling position, stopping spills

CENTRALISED BATTERY POSITION
For great balance both in vertical and horizontal cutting

CSX5000 PRO X 50CM REAR HANDLE CHAINSAW

Designed to deliver a best-in-class combination of power, torque and chain speed for the professional user.

EASIER, SAFER, TREE SURGERY

Created with arborist specialists in mind, EGO's Pro X CSX3000 and Professional CS1200E Top Handle Chainsaws are an exceptional combination of torque and power.

With industry-leading ARC Lithium™ battery technology at their core, the Top Handle Chainsaws provide the optimum combination of power, torque, and chain speed. Benefiting from long run-times and fast recharge, they're built to tackle tough, all day use. The Chainsaws' Chain Brake Safety System stops the tool's motor if kickback occurs, reducing the risk of injury. EGO Top Handle Chainsaws make jobs easier, cleaner, quieter and safer.

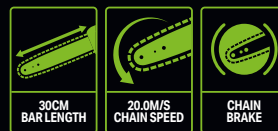

NEW FOR 2025

CSX3000 PRO X PLUG-IN TOP HANDLE CHAINSAW

For professional arborists who need a lightweight saw to complete climbing work - designed for use with the EGO Battery Holster which carries the weight of the battery off the tool. Features include Battery Level and Oil Level indicator lights to alert you when you're running low. Range of chain bars available from 30cm to 40cm.

CS1200E PROFESSIONAL TOP HANDLE CHAINSAW

The CS1200E is for professional arborists who need a compact, lightweight saw to complete climbing work. Designed with an on-board battery and perfect balance to enable use for longer periods. Translucent Oil Tank for easy checking of oil level.

ABH3000 BATTERY HOLSTER **BA2240T 4AH BATTERY**

Battery holster cable integrates with the safety strap to securely attach to the belt and harness. The 4Ah battery has been designed with the optimal power-to-weight ratio for use by professional arborists.

EGO[™]

POWER⁺ TELESCOPIC POLE PRODUCTS

MAXIMUM REACH, MANOEUVRABILITY AND CUTTING
POWER FOR HIGH BRANCHES AND HEDGES.

REACH NEW HEIGHTS

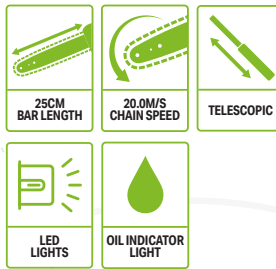

The EGO Pole Saw makes ladders and tricky tree maintenance a thing of the past.

With a 25cm bar and chain speeds of up to 20m/s, the EGO Pole Saw cuts through high branches with ease. The cutting head and shaft attach to the tool via a connector, allowing the Pole Saw to be stored compactly. Switch up the length of the tool up to 4m to reach any branch, however near or far, with the telescopic feature. The lightweight, sturdy, carbon fibre shaft and LED cutting guides aid manoeuvrability and keep cuts accurate.

PS1000E TELESCOPIC POLE SAW

Work on those hard-to-reach areas with ease. Our lightweight EGO Telescopic Pole Saw reaches lengths of 4m when fully extended and, thanks to its motor located at the head of the tool, maintains great balance and ergonomics.

EGO[™]

POWER⁺ LINE TRIMMER
& BRUSH CUTTER

THE PERFECT COMBINATION OF POWER, BALANCE
AND COMFORT, OUR LINE TRIMMERS AND
BRUSH CUTTERS CUT EVERY JOB DOWN TO SIZE.

ULTIMATE TRIMMING CONTROL

EGO has revolutionised its range of Power+ Line Trimmers once more, with the introduction of world-first Line IQ™ Technology for non-stop performance.

Automatic Line Feeding

EGO's latest innovation features auto-sensors which monitor and automatically feed the length of line so there's no bump needed. Coupled with EGO's patented Powerload™ Technology, it's designed to eliminate the usual hassle so you can focus on the job at hand.

With a range of cutting swathes and speeds, there's an EGO Line Trimmer suitable for every use, from smaller gardens to more demanding, professional jobs. Backed by powerful brushless motors and created with ease-of-use in mind, EGO Power+ Line Trimmers deliver optimum efficiency and run time, as well as low vibration levels and adjustable shaft length for comfortable working conditions.

LINE-IQ™ TECHNOLOGY

Automatic Line Feeding

Forget frustrating line feeding issues with EGO's automatic Line IQ™ Technology, there's no need to bump the head, so you can keep trimming for non-stop performance.

CUT WITH POWER AND PROTECTION

The EGO Pro X Rotocut attachment cuts through grass, weeds and moss on concrete, pathways, and verges with ease.

Featuring two counter-rotating blades instead of line, Rotocut maximises run-time and reduces vibration. Most importantly, it prevents debris from being thrown, making it ideal for use in built-up areas where risk of damage or injury can be acute. With a low profile on the gear box, it can take on the most difficult-to-reach areas.

The base plate is mounted on bearings, increasing the overall life of the tool, and reducing pavement damage. The blades have been designed to ensure clean and accurate cutting performance whilst maintaining durability.

Rotocut can be used with any rear-motored tools or EGO line trimmer multi tools, making it the ultimate attachment for added precision and protection.

SIMPLE ATTACHMENT
Attaches to most rear-motored line trimmers and brush cutters

ROBUST AND DURABLE GEARBOX
Ready to handle the toughest jobs

BEARING MOUNTED BASE
For free movement and longer life

INTEGRATED GUARD
Ensures safety while not obstructing user's view

MOUNTED GEARBOX
For smooth running over hard surfaces

GREASE POINTS
Easy to service, grease every 50 hours

SPECIALLY DESIGNED BLADES
To cut close to the ground while ensuring no debris is thrown

RTX2300 PRO X ROTOCUT

Rotocut's flat design and simple attachment process means it can fit to most rear motor brush cutters and line trimmers on the market.

POWER+ PRO X LINE TRIMMER/BRUSH CUTTER

THE NEXT GENERATION PRO X

REAR GEARED MOTOR
Compatible with all portable EGO ARC Lithium™ Batteries – a balanced feel for all day working

IOT READY WITH BUILT IN BLE MODULE

VARIABLE SPEED TRIGGER
With safety lock-off for efficient, safe working

BATTERY AND SPEED INDICATOR
Conveniently positioned on handle. 3 speeds for different trimming and cutting jobs

TOOL-FREE HANDLE ADJUSTMENT
For greater comfort

ADJUSTABLE HARNESS POINTS
For comfortable all day working

CARBON FIBRE SHAFT
For greater strength and stability while reducing weight

The next generation of Pro X line trimmers offer greater versatility and choice for a wide range of professional users. Available in both loop and bike handle versions they are suitable for landscapers, facilities operations and municipal users.

All EGO portable batteries are compatible with the tool making this extremely well balanced for all day use.

Tool speed can be controlled via the handle, which means the tool run time can be increased when working on light loads. The speed can also be increased for heavier working loads, at the touch of a button.

Equipped with a Rapid Reload head and 2.7mm twist line the tools are simple to load with line when empty. This reduces downtime and the need for additional maintenance in the field.

Can be used with Rotobut see page 122.

NEW PRO X CHARGING SYSTEM

For the ultimate in powerful all day working

Portable and super-fast - the Pro X DC:DC multi-battery charging system keeps Pro X tools working on-site all day long.

See page 32-33 for more details.

BCX4500 PRO X BIKE HANDLED LINE TRIMMER/BRUSH CUTTER

The Pro X line trimmer provides comparable power and performance as petrol-powered line trimmers. With easy to use controls mounted on the ergonomic bike handle, pair up with any EGO 56V ARC Lithium™ portable battery for all day power and comfort.

STX4500 PRO X LOOP HANDLED LINE TRIMMER/BRUSH CUTTER

Leave the fuss and fumes of petrol behind with this powerful, professional tool. With a quick adjustable loop handle, pair up with any EGO 56V ARC Lithium™ portable battery for all day power and comfort.

POWER+ PRO X LINE TRIMMER/BRUSH CUTTER

EFFICIENT AND POWERFUL BRUSHLESS MOTOR
For longer running times

VARIABLE SPEED TRIGGER WITH SAFETY LOCK-OFF
For efficient, safe working

THE TOUGH ANSWER TO ROUGH GROUND

Perfectly balanced for comfortable use, EGO's Pro X line trimmers / brush cutters make short work of even the roughest ground with the ready-for-anything 2KW motor.

Light yet strong, the solid steel drive shaft is housed in a carbon fibre drive tube. Unlike alloy shafts, it won't bend and lose its shape over time, keeping vibration levels to a minimum.

CARBON FIBRE DRIVE SHAFT
Won't bend and lose shape over time, keeping vibration levels to a minimum

LINES, BLADES AND ACCESSORIES TO SUIT EVERY JOB

EGO have a range of lines, blades and harnesses to suit any trimming or cutting job, plus a range of replacement cutting heads for all EGO Line Trimmer products.

Lines for Line Trimmers

Choose a smaller line thickness for clearing long grass and lighter vegetation, or a larger, more durable line thickness for cutting down heavier, dense vegetation. Commercial, more powerful Line Trimmers are more suitable for the heavier lines, while twisted lines are quieter during use. For simple line replacement - choose a pre-wound spool for compatible tools. See our simple guide to choosing the right line below.

Brush Cutting Blades

For cutting down heavier vegetation, bushes and verges, choose a Brush Cutting blade - available in metal and flexible plastic options, depending on how heavy the task is. The flexible Elastoblade will make lighter work of dense vegetation.

Rotocut Blades

Replacement Rotocut blades will fit the EGO Power+ Rotocut attachments, which are ideal for working through tough-to-shift growth in paths and drives, and along the base of walls and curbs. Reduces the throwing-up of stones, for safer use in areas near vehicles, windows and other materials prone to damage.

Cutting Heads

Replacement cutting heads are available for EGO Line Trimmer machines with standard, bump-feed, Powerload™ and Line IQ™ heads.

Straps and Harnesses

A full range of replacement straps and harnesses are available for EGO Line Trimmer machines, to make tackling the job easier.

EGOTM
POWER⁺ HEDGE TRIMMER

LIGHT, YET POWERFUL, OUR NEXT GENERATION OF
CORDLESS HEDGE TRIMMERS GIVE YOU ALL THE COMFORT
AND CONTROL YOU NEED TO GET THE JOB DONE.

POWER+ 12V SHRUB / GRASS SHEARS

COMPACT WITHOUT COMPROMISE

They may be compact, but they don't compromise on power. Brought to life by a 12V Lithium-Ion battery, the EGO Power+ shrub/grass shears are ideal for everyday garden maintenance.

With two attachments included, use the shrub blade to shape and maintain smaller hedges and ornamental trees, or switch to the grass trimmer blade to tackle areas of grass that mowers can't reach.

A lightweight, ergonomic design allows for unparalleled precision in either mode, so you can get the perfect result every time.

Simple to use and easy to store, they are an essential addition to every gardener's arsenal.

HEDGE SHRUB SHEAR ATTACHMENT
Easy to change 20cm laser cut blade with 8mm blade gap

Model Shown: CHT2001E

GRASS TRIMMER ATTACHMENT
Quick and easy edge trimming - 11.5cm cutting width

POWERFUL MOTOR
2400 spm 2.0Ah battery

POWER+ HEDGE TRIMMER

BALANCED, PRECISE, POWERFUL

Engineered to deliver impressive cutting ability from a single charge, the EGO Power+ Hedge Trimmers well-balanced design and clever features makes working outdoors easier and more comfortable.

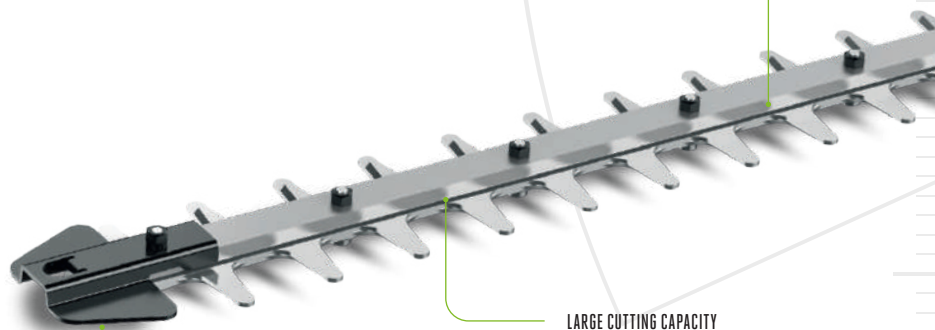

The rotating handle and dual trigger system provide enhanced user comfort and safety. While the smooth and quiet brushless motor and gearbox gives you all the power you need, without the vibration, emissions and noise of a petrol engine.

EGO hedge trimmer blades are diamond ground and double sided for clean, precise cutting. All blades have large cutting capacities for tackling thicker hedges and are available in 51cm to 75cm lengths, to suit every size of hedge. Blade-tip protection stops damage from fences and walls.

For safer working, the safety blade guard helps prevent injuries while the electric brake stops the blades when the trigger is released.

**LASER CUT. DIAMOND GROUND.
DOUBLE-SIDED CUTTING BLADES**
Cleaner, more precise cutting

LARGE CUTTING CAPACITY
For tackling thicker hedges
and large branches

BLADE TIP PROTECTOR
Prevents blades becoming
damaged by fences and walls

POWER+ PRO X HEDGE TRIMMER

PRO X PERFORMANCE WITH EXTRA REACH

The Pro X long-reach hedge trimmers allow professional users to cut more with less effort. Tall and deep hedges can be cut in a single sweep and without the need for use of ladders.

Carbon fibre shafts make the tools sturdy and durable, while flex at the end of the tool is reduced. The Long Reach Hedge Trimmer has an articulating head making it simple to change the cutting angle for different tasks.

Both trimmers have 3 speeds, suitable for different hedge cutting jobs, plus double-sided triple-sharpened blades for the toughest hedges.

The power unit is part of the new generation Pro X platform and compatible with all EGO portable ARC Lithium™ batteries.

REAR GEARED MOTOR
Compatible with all portable EGO ARC Lithium™

IOT READY WITH BUILT IN BLE MODULE

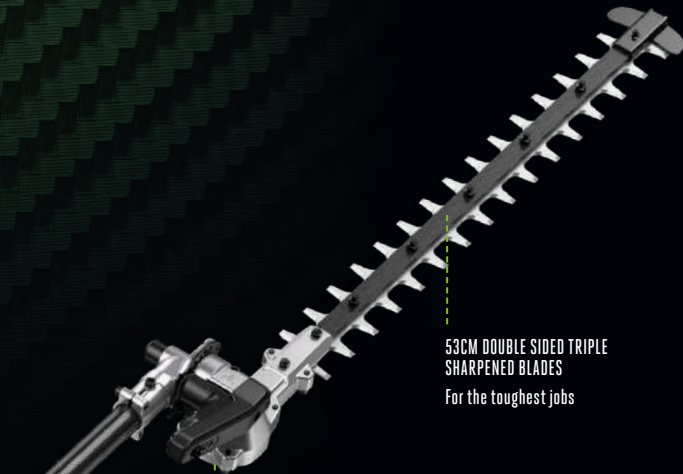

VARIABLE TRIGGER
For precise cutting control

ADJUSTABLE HARNESS POINTS
For comfortable all day working

CARBON FIBRE SHAFT WITH INTERNAL STEEL DRIVE SHAFT
For greater durability

3 SPEEDS
Suitable for different trimming and cutting tasks

HTX5300-P 53CM PRO X SHORT-REACH FIXED POLE HEDGE TRIMMER

Variable speed, carbon fibre shaft with internal steel drive shaft for greater durability, triple sharpened blades, double-knife edge cutting action, makes light work of any job, big or small.

HTX5300-PA 53CM PRO X LONG-REACH ARTICULATING POLE HEDGE TRIMMER

Ideal for wider, larger hedges, with longer 2.5m reach and an articulating cutting head – with variable speed, carbon fibre shaft with internal steel drive shaft for greater durability, triple sharpened blades, double-knife edge cutting action – makes light work of any job, big or small.

POWER+ PRO X HEDGE TRIMMER

TACKLE TOUGH HEDGES WITH EASE

Designed for professionals, the Pro X hedge trimmers are precision engineered to tackle the toughest hedges with ease.

A single charge delivers impressive run times, while the smooth and quiet brushless motor and gearbox give you all the power you need, without the vibration, emissions and noise of a petrol engine.

Blades that cut cleanly.

The high-quality EGO Power+ blades are made from laser-cut steel with diamond-ground edges to provide the cleanest cut and promote healthier hedges.

DUAL TRIGGER SYSTEM
For safe operation

UNIQUE HANDLE AND TRIGGER DESIGN
For switching effortlessly between horizontal and vertical cutting

LOW CUTTER GUARD
For safe and easy access

Model Shown: HTX7500

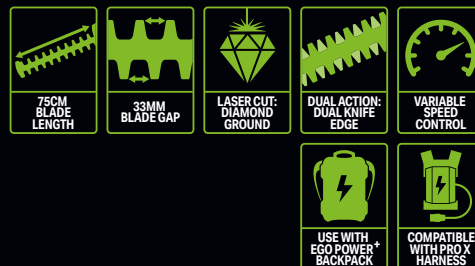

HTX6500 65CM PRO X HEDGE TRIMMER

Variable speed, double-knife edge cutting action makes light work of any job, big or small. Dual trigger system provides enhanced user comfort and safety.

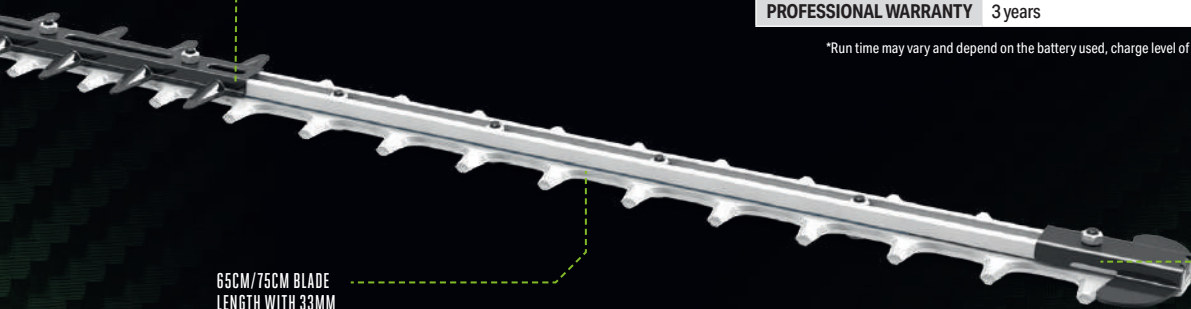

HTX7500 75CM PRO X HEDGE TRIMMER

Ideal for wider, larger hedges, the variable speed, double-knife edge cutting action makes light work of any garden job. Dual trigger system provides enhanced user comfort and safety.

EGO[™]
POWER⁺ BLOWER

WITH EXCEPTIONAL AIRSPEEDS AND HIGH-EFFICIENCY BRUSHLESS MOTORS, EGO POWER+ BLOWERS DELIVER MAXIMUM AIRFLOW WITH MINIMUM EFFORT.

BLOWS PETROL-POWERED BLOWERS **OUT OF THE PARK**

EGO have developed even more power and performance for their 2025 leaf blower ranges. See page 105 for EGO's new domestic garden blowers and pages 109-111 for the new powerful Pro X models.

Powered by a high-efficiency brushless motor, EGO Power+ blowers feature jet turbine technology and a large diameter tube to give maximum airflow.

Significantly quieter and with zero emissions, the EGO range of blowers offer a genuine alternative to petrol power.

Designed to keep you in control - from low speed, low volume airflow for those delicate areas, to high speed, high volume airflow for hard-to-shift wet leaves and objects. With more power than most handheld petrol blowers on the market, that's more than enough to clear up even the biggest windfall.

Model Shown: LB7650E

LARGE BLOWER TUBE
Greater diameter delivers maximum airflow

FLAT NOZZLE ATTACHMENT
Ideal for wet leaves

VARIABLE SPEED CONTROL
Adjust between 440 m³/h
and 980 m³/h output

TURBO MODE
For a 1,300m³/h petrol-
blower beating output

HIGH-EFFICIENCY BRUSHLESS MOTOR
Delivers more power and greater run time

TURBINE FAN ENGINEERING
Utilises advanced
aeronautics technology

Please note: some features are not available on all models.

Compatible with EGO Power+ backpack batteries.

NEW FOR 2025

LV5000E
3 IN 1 LEAF VACUUM

After blowing fallen leaves into a pile, they can be quickly cleared up using the new EGO Power+ 3 in 1 Leaf Vacuum. Collection bag space is maximised as leaves are efficiently mulched as they are collected up. With variable speed dial control, the tool has the power to tackle small to medium household leaf clean-ups. Easily converts from blower to vacuum by simply replacing the blower tube with a vacuum bag and a suction tube.

AVAILABLE AS A KIT

NEW FOR 2025

LB6700E
BLOWER

Variable speed thumb selector for added air flow control with single handed use. With 1,138m³/h output in Boost and 21N of air force, can bigger tasks across wider areas and large gardens.

Includes AN6000R (Round) and AN6000F (Flat) Nozzles.

AVAILABLE AS A KIT

NEW FOR 2025

LB6150E
BLOWER

Variable speed thumb selector for added air flow control with single handed use. With 1,045m³/h output in Boost, and 18.5N of air force, can clear large areas with ease.

Includes AN6000R (Round) and AN6000F (Flat) Nozzles.

AVAILABLE AS A KIT

LBX6000
PRO X BLOWER

Designed to be used with the Pro X Backpack Battery BAX1500, this powerful blower is light and easy to handle. Plus, the smooth brushless motor reduces vibration and noise compared to its petrol-powered equivalents.

POWER+ BACKPACK BLOWER

THE POWER TO CLEAR MORE GROUND

Tough tasks need powerful tools. And that's exactly what EGO's range of Professional Blowers deliver. In Boost mode, leaves and debris don't stand a chance.

Not only are our Blowers powerful, they also benefit from intelligent features. The brushless motors reduce vibration and noise while the comfortable backpacks ergonomically distribute the weight of the tool. Boasting four hours run time*, you can cover plenty of ground too.

LB7650E BLOWER

Variable speed thumb selector for added airflow control with single handed use, 1,300m³/h output in Boost – one of the industry's most powerful hand-held blowers, outperforms even the leading petrol-powered blowers. Perfect for completing the toughest tasks across wider areas and large gardens.

Includes one tapered nozzle and spread nozzle.

*Based on model LB6000E: 240 minutes at 1300m³/h with 1 x 10Ah battery - Low air setting.

LB6000E
BACKPACK BLOWER 1020M³/H

The hugely powerful, yet ergonomic design is easy to use and packed with all the features you need.

POWER+ PRO X BLOWERS

THE FIRST OF ITS KIND

Part of EGO's next generation of Pro X tools, the new LBX1000 puts the full power of a backpack blower into the hands of the user.

The most powerful hand-held battery blower on the market, with new brushless motor and high-efficiency axial fan for impressive air flow and higher air-speed. Tackles the most demanding clear-ups, ensuring performance, comfort and durability – built to work in the toughest environments.

32N OF BLOWING FORCE
The most powerful hand-held blower on the market

ERGONOMIC SECOND HANDLE
For easy pick-up and control of large clearing tasks

LCD DISPLAY SCREEN
Monitoring operating status and battery fuel gauge

ERGONOMIC CONTROLS
Variable speed trigger with lock + Boost

POWERFUL LED LIGHT
For use in low light environments

BELT CLIP
To allow hanging use from belts and Backpack harnesses

NEW HIGH-EFFICIENCY AXIAL FAN & LARGER MOTOR
For larger volumes of air and speed

BASE STAND
For protection and stable standing

EGO™ PRO X **NEW FOR 2025**

LBX1000 PRO X BLOWER

With the power of a backpack blower in a handheld unit, this is the most powerful handheld battery blower on the market with 32N of blowing force. Equipped with a secondary front handle for easy pick-up-and-go without the fuss of a Backpack. Features include variable speed trigger with Boost, LCD display screen showing operating status and battery fuel gauge, plus powerful LED light for working in low light levels. Forms part of the new generation of Pro X tools with BLE connectivity built in.

For even greater durability

NEW FOR 2025

LBPX1100 PRO X BACKPACK BLOWER

Active Peak Power harnesses the power of two EGO batteries, making this the most powerful battery blower on the market with 36N of blowing force, maximising output and run time. Designed with a new motor for greater airspeed and volume through the machine, plus new user controls for intuitive and comfortable use. Forms part of the new generation of Pro X tools with BLE connectivity built in - allowing monitoring of firmware status, battery capacity and runtimes.

LBPX8000 PRO X BACKPACK BLOWER

Active Peak Power™ Technology combines the power of two EGO batteries to maximise output and runtime, making clearing large areas faster. Designed with a new motor for greater airspeed and volume through the machine, plus new user controls for intuitive and comfortable use. Forms part of the new generation of Pro X tools with IoT BLE connectivity built in.

EGOTM
POWER⁺ SNOW THROWER

WITH PEAK POWER™ TECHNOLOGY, THE EGO
SNOW THROWERS PROVIDE PETROL-MATCHING
POWER TO CLEAR SNOW WITH EASE.

POWER+ SNOW THROWER

EXTREME POWER FOR EXTREME WEATHER CONDITIONS

EGO's Power+ Snow Throwers use Peak Power™ Technology to deliver petrol-matching performance without noise, fuss or emissions.

Peak Power™ Technology combines the power of any two industry-leading EGO 56V ARC Lithium™ batteries to tackle the toughest snowy conditions efficiently.

Self-propelled control ensures ease of use, while reverse gears and wheel drive systems make getting out of tight spots easier.

CONTROL PANEL FOR SELF-PROPEL SPEED AND SNOW THROWING
Easy-to-use controls including forward speed, reverse gear, snow-throwing direction and distance

THROWS SNOW UP TO 13M
Multi-directional chute, remotely controlled for direction and distance of throwing

ERGONOMIC HANDLE
Adjustable height and folds for storage

4 LED LIGHTS
Enhanced visibility for early morning and evening clearing

PEAK POWER™
Accommodates dual batteries to deliver maximum power when needed

INDEPENDENT BRUSHLESS MOTORS
For self-propel and snow augers, means greater reliability

WHEEL DRIVE SYSTEM
High traction tyres, self-propel system with differential for tight turning

ADJUSTABLE SKID SHOES

EFFICIENT OPERATION FOR TOUGH CONDITIONS
61cm clearing width, 61cm clearing width, 51cm intake height

DUAL-STAGE AUGER
For clearing and throwing of snow

SNT2120E-AP
AUGER PROPELLED SNOW THROWER

The SNT2120E-AP can clear 21cm of snow and throw it up to 14 metres, making it ideal for those early morning clearing jobs along driveways and footpaths. The auger clears the snow and discharges it through the chute in a single motion.

SELF-PROPELLED	THROWS SNOW 14M	EASY TURN
52CM CLEARING WIDTH	LED LIGHTS	MULTI-DIRECTIONAL CHUTE

SNT2400E
61CM SELF-PROPELLED 2-STAGE SNOW THROWER WITH PEAK POWER™ TECHNOLOGY

This powerful 2-stage snow thrower has variable speed, self-propelled control with serrated steel augers, to handle even the deepest snow with ease. Snow is thrown into a high-speed impeller which then discharges the snow up and out of the multi-directional chute. The generous 61cm clearing width and 51cm intake height work with the shoot for a clearing distance of up to 13m, while the on-board controls are easy to operate – even when wearing bulky winter gloves.

EGO[™]
POWER⁺ MULTI-TOOL

WE'VE REDEFINED FLEXIBLE WORKING. CUT, SAW,
EDGE AND MORE. ALL WITH ONE POWER UNIT AND
ALL WITHOUT THE FUSS AND FUMES OF PETROL.

ONE TOOL, MULTIPLE OPTIONS

The EGO Power+ Multi-Tool is the outdoor power tool you can't do without. With a single power unit and a large range of high-tech attachments, you can easily tackle every garden task, from trimming grass, edging lawns, cutting hedges, sawing branches, tilling soil, to sweeping the patio. Switching between different jobs is simple thanks to the secure tool-free coupling system on every attachment. And, with our carbon fibre extension pole, even the hardest-to-reach places are no challenge for the Multi-Tool. Combined with the 56V ARC Lithium™ battery, you have all the power you need, without the noise, fuss, or emissions of petrol-power.

Power up with our new, more intelligent carbon fibre Power Head or the new Pro X Power Head with upgraded motor and BLE connectivity. Compatible with our latest Line Trimmer and Dethatcher attachments and all existing Multi-Tool attachments.

02 EGO POWER+ POLE SAW

Slices through tree branches fast and efficiently

01 EGO POWER+ HEDGE TRIMMERS

A choice of standard or short pole lengths to suit high and low hedges

13 EGO POWER+ LINE TRIMMER

With Line IQ™ and Powerload™ Technology

MULTI-TOOL POWER HEAD

Ready for any job, big or small

12 EGO POWER+ DETHATCHER

Removes the thatch layer between grass and soil for a healthier lawn

11 EGO POWER+ LINE TRIMMER

With Powerload™ Technology

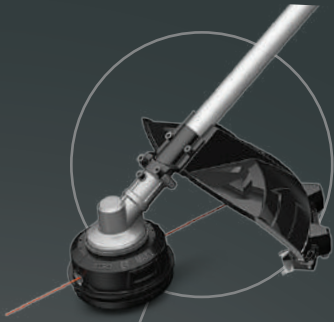

10 EGO POWER+ SNOW SHOVEL

Keeps pathways clear of snow

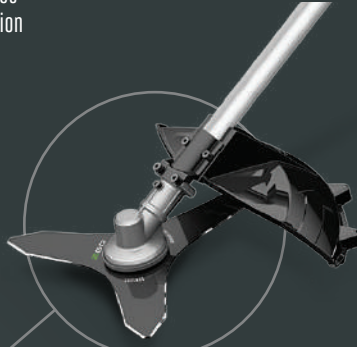

**03 EGO POWER+
LINE TRIMMER**

Trim grass along fences and walls with precision

**04 EGO POWER+
BRUSH CUTTER**

Cuts through tough undergrowth, thick grass and weeds with ease

**05 EGO POWER+
ROTOCUT**

Cuts through grass, weeds and moss on concrete, pathways and verges without throwing up stones and debris

**06 EGO POWER+
EDGER**

Achieving a perfect edge to any lawn has never been easier

**07 EGO POWER+
CULTIVATOR**

The simple way to prepare soil for planting

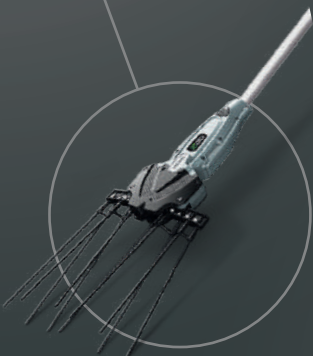

**08 EGO POWER+
BRISTLE BRUSH & PADDLE BROOM**

Clears moss, wet leaves and water from hard surfaces with ease

**09 EGO POWER+
OLIVE SHAKER**

Shake ripe olives off branches

2 OPTIONS OF POWER HEAD AVAILABLE:

- EGO Power+ Professional Power Head with brushless motor
- EGO Power+ Pro X Power Head with brushless motor

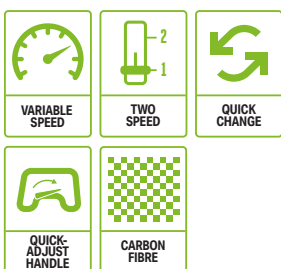

THE POWER TO TACKLE ANY TASK

Includes AP1500 Single Shoulder Harness.

PH1420E MULTI-TOOL POWER HEAD

With more power, better ergonomics and an upgraded motor the PH1420E is compatible with all current and future attachments.

TOTAL LENGTH: 78cm
WEIGHT 600g

EP7501 EXTENSION POLE

Nothing is out of reach with this strong yet lightweight extension pole. Just click in the attachment you need and off you go.

IPX5 WEATHER RESISTANT CONSTRUCTION

POWERFUL 1600W BRUSHLESS MOTOR
Equivalent to a 35cc petrol motor – brings heavy-duty performance to the EGO multi-tool system. Suitable for all attachments

DIGITAL 3-SPEED CONTROL

With 3 pre-set speeds and a variable speed trigger, users can select the right speed for the task at hand

COMPATIBLE WITH ALL EGO BATTERIES

CARBON FIBRE SHAFT

2.0mm thick Carbon fibre shaft reduces weight and increases durability

VARIABLE SPEED CONTROL

ADJUSTABLE LOOP HANDLE

For comfortable use

HANG LOOP to allow hanging use from belts and harnesses

EGO™
PRO X

SIMPLE AND SECURE COUPLING MECHANISM

Makes switching attachments quick and easy

INCLUDES API1500 SINGLE SHOULDER HARNESS.

NEW FOR 2025

PHX1600 PRO X MULTI-TOOL POWER HEAD

EGO's first Pro X Multi-tool head provides all day working for the professional user. The motor and PCB have both been upgraded to ensure the powerhead is robust and suitable for the toughest tasks. Forms part of the new generation of Pro X tools with BLE connectivity built in – allowing monitoring of firmware status, battery capacity and run times.

ONE REVOLUTIONARY POWER UNIT. SO MANY WAYS TO USE IT

01 HEDGE TRIMMERS

With a choice of standard or short pole lengths available, tackling high or low hedges is made easy. The head angle is adjustable to suit the job at hand and allows for compact storage.

02 POLE SAW

Slices through tree branches fast and efficiently. Combines with the carbon fibre extension pole to reach further and cut more.

03 LINE TRIMMERS

Trim grass along fences and walls with precision.

Line Trimmer options include:

Rapid Reload Head - for quick line replacement.

Powerload™ Head - for fast line replacement at the touch of a button.

Line IQ™ Head with Powerload™ - for automatic line feeding on the go.

04 BRUSH CUTTER

The brush cutter is built to deal with difficult undergrowth. From thick grass to tough weeds, it cuts through the toughest tasks with ease.

05 ROTOCUT

Cuts through grass, weeds and moss on concrete, pathways and verges with ease. Featuring two counter-rotating blades, preventing debris from being thrown.

06 EDGER

Give lawns a professional finish with the edger attachment. Ideal for neatening edges along paths, driveways or flowerbeds.

07 CULTIVATOR

The cultivator prepares soil prior to planting. Removing weeds and introducing air, it creates a loose bed, encouraging the growth of healthy plant life.

08 BRISTLE BRUSH & PADDLE BROOM

The bristle brush makes short work of sweeping away moss, wet leaves and ingrained dirt, whilst the paddle broom makes it easy to clear away standing water.

09 OLIVE SHAKER

Shake ripe olives off branches at approximately 2000 strokes per minute, with 10 replaceable carbon fibre fingers, a durable and market tested gearbox and integrated lubrication for simple maintenance.

10 SNOW SHOVEL

The Snow Shovel is excellent for clearing snow quickly from patios, decks and driveways.

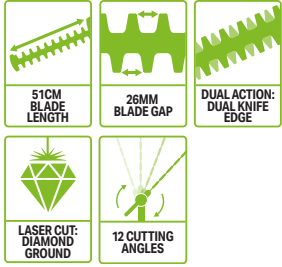

11 DETHATCHER

Removes the thatch layer between grass and soil for a healthier lawn.

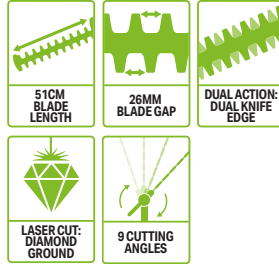

HTA2000
HEDGE TRIMMER ATTACHMENT

Laser cut, diamond ground blades and simple angle adjustment makes this trimmer as precise as it is powerful.

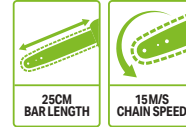

HTA2000S
SHORT HEDGE TRIMMER ATTACHMENT

With the same sharp blades and quick cutting action, this attachment makes short work of low, deep hedges.

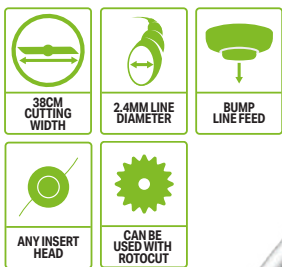

PSA1000
POLE SAW ATTACHMENT

25cm guide bar and chain make cutting branches fast and efficient.

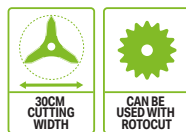

STA1500
LINE TRIMMER ATTACHMENT

This attachment is packed with features to save you time and help you work safely, quickly and efficiently.

BCA1200
BRUSH CUTTER ATTACHMENT

Tough enough to take on anything, the three-sided metal blade makes short work of any overgrown area.

EA0800
EDGER ATTACHMENT

With quick depth adjustment and handy guide, this attachment makes achieving a perfect edge easy.

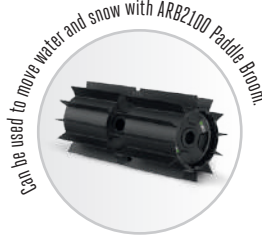

CTA9500
CULTIVATOR ATTACHMENT

The easier way to prepare soil for planting, the cultivators rotating teeth remove weeds and aerates soil.

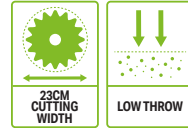

BBA2100
BRISTLE BRUSH ATTACHMENT

Clear moss and wet leaves from hard surfaces easily with the new bristle brush attachment.

RTA2300
ROTOCUT ATTACHMENT

Cuts through grass, weeds and moss with ease. Featuring two counter rotating blades, which prevent debris from being thrown, make it ideal for use in delicate areas.

OSA1000
OLIVE SHAKER ATTACHMENT

10 carbon fibre fingers shake and drop olives from their branches in no time at all.

SSA1200
SNOW SHOVEL ATTACHMENT

The Snow Shovel is excellent for clearing snow quickly from patios, decks and driveways.

STA1600
LINE TRIMMER ATTACHMENT

POWERLOAD™ TECHNOLOGY

This attachment is packed with features to save you time and help you work safely, quickly and efficiently. Powerload™ feature only compatible with PH1420E and PHX1600.

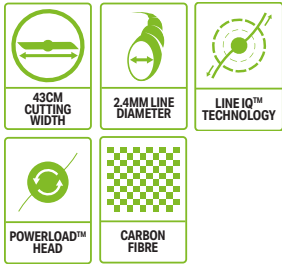

NEW FOR 2025

STA1700
LINE TRIMMER ATTACHMENT

POWERLOAD™
TECHNOLOGY

LINE-IQ™
TECHNOLOGY

Featuring Line IQ™ and Powerload™ Technologies for automatic line feeding and fast line replacement. The carbonfibre shaft adds strength and robustness for tough tasks.

NEW FOR 2025

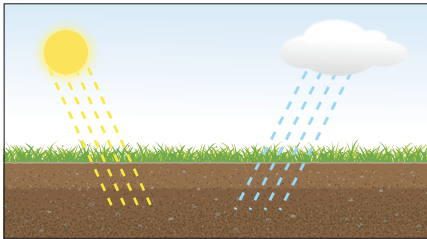

DA1400
DETHATCHER ATTACHMENT

Removes the thatch layer between grass and soil for a healthier lawn. Also removes debris and dead grass from the surface.

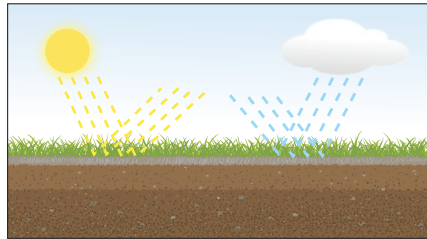

DETHATCHING EXPLAINED

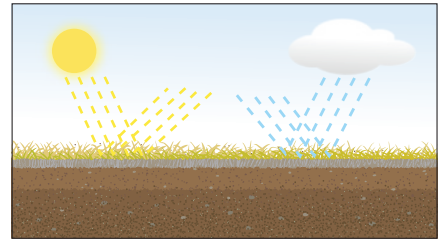

Dethatching is the process to remove excess thatch, typically carried out once or twice a year in Spring and Autumn.

On healthy lawns, there is little thatch layer so that the sunshine, water and other nutrients can reach the soil.

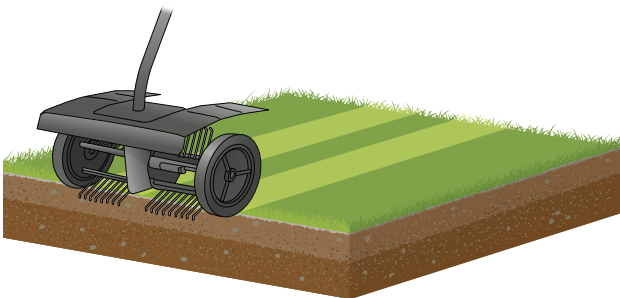

As time passes by, a thatch layer develops between the healthy grass and soil that can obstruct nutrients being absorbed.

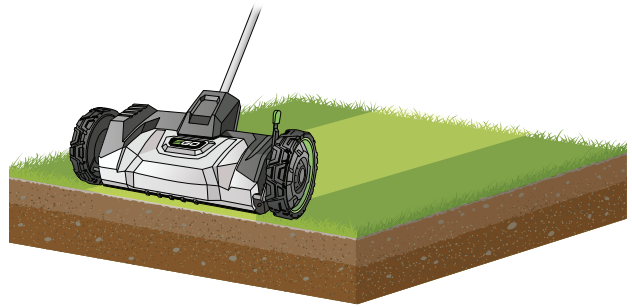

Gradually, the healthy grass will become yellow and withered.

THE EGO ADVANTAGE

Competitor Dethatchers

Separated cylinders cause missing area in the middle

EGO Dethatcher

One complete cylinder means no missing area

EGO[™]
POWER⁺ LIFESTYLE

WITH SUPERIOR PORTABILITY, OUR INNOVATIVE LIFESTYLE RANGE BRINGS INTELLIGENT TECHNOLOGY TO THE EVERYDAY.

INTELLIGENT TECHNOLOGY FOR THE GREAT OUTDOORS

Making the most of EGO's single battery platform, any EGO 56V ARC Lithium™ Battery can connect with any of EGO's latest lifestyle products – all designed to enhance the enjoyment of our outdoor spaces, and beyond.

To help make more of spending time in the garden or away camping, staying cool in hot weather, extending a summer's day into the evening, or efficiently cleaning and maintaining your outdoor space without the inconvenience of an electric cord, EGO have developed and engineered new innovations in portable outdoor power sources, bright lighting, essential cooling for hot conditions, high powered pressure washing and... EGO's latest development in wet/dry vacuuming.

10,000 Lumens of bright, adjustable light for your outdoor space

LT1000E Portable Area Light

Industry leading battery-powered Wet/Dry Vac

WDV0900E Wet/Dry Vac

Creates 50m²
of cooling air for
those hot days

FN1800E 45cm Misting Fan

Provides power
when and wherever
you need it

PAD5000E 500W Nexus Escape Power Inverter

Surprising power from
EGO's new cordless
pressure washer

HPW2000E Pressure Washer

THE POWER TO COMPLETE TOUGH CLEANING TASKS

The innovative new EGO Pressure Washer combines heavy duty cleaning power with market-leading battery run times.

Remote power control and a selection of nozzles give you complete control for the most effective, efficient results for a range of different cleaning tasks.

Additional accessories are also available to tailor the machine to a specific job.

DUAL BATTERY PORT
With Peak Power™ Technology delivering additional energy for tough cleaning tasks

QUICK-CONNECT HOSES/ACCESSORIES
For quick, easy attachment

GARDEN HOSE CONNECTOR
For standard hose or freshwater connection

PEAK™ POWER+ TECHNOLOGY

Combines the power of 2 56V ARC Lithium™ batteries

REMOTE MODE SELECT
Intuitive controls

TELESCOPIC PULL-OUT HANDLE
For easy maneuverability

CLEAR POWER & BATTERY CHARGE LEVEL INDICATORS
Located on handle and machine for convenience

185MM SIZE WHEELS
For easy maneuverability

POWERFUL MOTOR
390 L/H @ 135 bar/2000 psi

The EGO Power+ Pressure Washer has a nozzle for every cleaning situation

All nozzles have a bayonet system which makes switching between them easy and simple. Design of each nozzle has been optimised to create a uniform fan of water, for optimal efficiency.

TURBO NOZZLE (1/4" connection)

The Turbo nozzle is the most powerful nozzle in the EGO range. Only for use on hard surfaces – not for use on cars and wooden surfaces.

15° NOZZLE (1/4" connection)

The 15° nozzle is ideal for tough surfaces - brick, concrete walls, flagstones, driveways and metal surfaces.

25° NOZZLE (1/4" connection)

The 25° nozzle provides a powerful clean, perfect for cleaning a boat or tractor, efficiently removing algae, dust and dirt.

40° NOZZLE (1/4" connection)

The 40° nozzle is ideal for cleaning cars and any surface that requires a gentler clean.

RINSE NOZZLE (3/8" connection)

The rinse nozzle connects to the short pressure washer gun for high-flow rinsing*. Ideal for rinsing soap residue, cleaning outdoor furniture, and rinsing landscaping.

*Only compatible with short pressure gun.

HPW2000E PRESSURE WASHER

Heavy duty cleaning power with remote information display and power control, dual battery port with Peak Power™ Technology, premium hose fittings and inclusion of 5 nozzles for different cleaning tasks.

VACUUMING POWER FOR INDOORS AND OUTDOORS

The new EGO POWER+ 34 Litre Wet/Dry Vacuum delivers industry-leading performance with over 180m³/h of suction power.

Adapt to the demands of your cleaning tasks with 3 power modes, controlled onboard or via the wireless remote control. Battery run time will provide up to 60 minutes on ECO, 33 minutes on high, or 18 minutes on turbo, when powered by EGO's 56V 5Ah ARC Lithium™ battery.

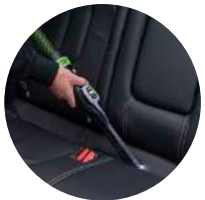

Onboard storage, provides a convenient space for nozzles, extensions, and hoses. Accessories include; two extension tubes, crevice nozzle, round brush dust nozzle, small floor nozzle with brush bar, wide nozzle with rubber bar, and a 2.1m hose. A built-in filter cleaning function maintains optimal performance.

Wireless remote functions

The EGO Power+ Wet/Dry Vacuum has an accessory for every cleaning situation

Accessories included:

CREVICE TOOL
(with LED light)

HORSE BRUSH NOZZLE

SMALL FLOOR BRUSH

WIDE NOZZLE
(with rubber scraper)

EXTENSION WANDS

EGO
POWER+

NEW FOR 2025

WDV0900E WET/DRY VACUUM

Heavy duty cleaning power with onboard power selection and optional wireless remote. Inclusion of 8 accessories for different cleaning tasks, with built-in filter cleaning function.

CONTROLLED, PROFESSIONAL CHEMICAL SPRAYING

The EGO Professional Backpack Sprayer has a new innovative flow control system with a comfortable carrying harness for long working hours.

High efficiency and pressure, comparable to petrol engine equivalents, provides users with an effective variable spray action.

The unique flow adjustment system is convenient to use, allowing users to easily control the amount of spray from the lance handle.

NEW FOR 2025

BSP3500E CHEMICAL SPRAYER

Professional chemical spraying control, with innovative onboard variable flow control of up to 24 Bar for different applications.

VARIABLE FLOW DIAL FOR DIFFERENT APPLICATIONS
Pressure up to 24 Bar (150+ psi can reach higher places, or carry out light cleaning work)

CONTROLS ON SPRAY HANDLE
Shut-off and flow adjustment with comfort grip handle, can be easily operated whilst wearing heavy-duty work gloves

STAINLESS STEEL SPRAY WAND

FILTRATION SYSTEM
Reduces clogging – the water inlet of the tank, the liquid suction are all equipped with filtration devices

BATTERY COVER
Anti-liquid protection

HEAVY-DUTY RUBBER HOSE

15L TRANSLUCENCE TANK

BRUSHLESS MOTOR AND THREE PLUNGER PUMP
Provides higher pressure and flow to meet the needs of different applications

PORTABLE POWER WHEREVER YOU NEED IT

Compatible with any EGO ARC Lithium™ battery, the Nexus Escape provides power when and wherever you need it.

Built with a powerful 220-240V AC outlet and three USB ports, the Nexus Escape boasts flexible power to charge mobile phones, laptops, cameras, lights, and other electrical devices up to a maximum output of 400 Watts. Ideal for camping trips, beach visits, festivals or for use at home, the Nexus Escape is light weight and small enough to carry in a rucksack or store in a tent.

PAD1800E 180W NEXUS ESCAPE POWER INVERTER

The EGO Power+ Nexus Escape's 220-240V 180W AC power outlet and 2 USB ports enable you to charge or power devices wherever you are. The light-weight design and carry handle make the device easy to transport. The pure Sine Wave inverter makes it suitable for use with even the most sensitive electronic devices.

Improved user experience and safety

74NM OF TORQUE
Makes drilling holes in soil and ice easy

ANTI-KICKBACK SYSTEM
Ensures user's safety

QUICK CONNECT
Easily swap between Earth & Ice auger drilling bits

SEAMLESS STEEL TUBE
Better balance, higher strength, overall reliability is improved

NEW FOR 2025

PHA7400E EARTH & ICE AUGER

Makes heavy duty hole drilling in soil and ice easy, with many features designed with user convenience, comfort and safety in mind. Optional drill bit accessories available, see page 151 for details. Includes ETA0800 Earth drill bit and ITA0800 Ice drill bit.

EVERYTHING YOU NEED TO KEEP YOU CUTTING, MOWING AND BLOWING

EGO POWER+ MOWERS

Blades

AB1701
42cm standard (bagging) blade for LM1700E, LM1700E-SP

AB1700
42cm mulching blade for LM1700E, LM1700E-SP

AB1901
47cm standard (bagging) blade for LM1900E, LM1900E-SP

AB1900
47cm mulching blade for LM1900E, LM1900E-SP

AB2001
High lift blade for LM2010E, LM2010E-SP

AB2000
Standard blade for LM2000E, LM2010E, LM2010E-SP

AB2101
52cm high lift blade for LM2100E-SP

AB2100
52cm standard blade for LM2100E-SP

AB2102D-E
52cm dual-blade standard (bagging) for LM2130E-SP (2 blades set)

AB2100D-E
52cm dual-blade mulching for LM2130E-SP (2 blades set)

AB5301
Single blade for LMX5300SP

AB2211D-E
55cm high performance blade set for LM2230E-SP

AB2212D-E
55cm high lift bagging blade set for LM2230E-SP

Mulching Kits/Side Discharge

ABP1700
42cm mulching kit (blade & mulching plug) for LM1700E, LM1700E-SP

ABP1900
47cm mulching kit (blade & mulching plug) for LM1900E, LM1900E-SP

ABP2100D-E
52cm mulching kit (mulching blade set & mulching plug) for LM2130E-SP

AM5300
Mulch plug for LMX5300SP

ASD2230
Side discharge chute for LM2230E-SP

ASD5300
Side discharge chute for LMX5300SP

Storage cover

CM001
Storage cover for lawnmowers

Rear Roller Kits

AR1700
42cm rear roller kit for LM1700E, LM1700E-SP

AR1900
47cm rear roller kit for LM1900E, LM1900E-SP

AR2100
52cm rear roller kit for 52cm walk-behind mowers

EGO POWER+ RIDE-ON MOWERS

Blades

AB3801TD
Bagging blades (2 pcs) for 98cm bagging tractor TR3800E-B

AB4201
53cm high-lift blade (improved bagging) for TR4200E, ZT4200E-L, ZT4200E-S - single blade

AB4200
53cm standard blade (side discharge, mulching & bagging) for TR4200E, ZT4200E-L, ZT4200E-S - single blade

AB5201
46cm bagging blade for ZT5200E-L

AB5200
46cm standard blade for ZT5200E-L

Bagging & Mulching Kits

ABK4200-A

Bagging kit for ZT4200E-L

ABK5200-A

Bagging kit for ZT5200E-L

AMP3800T

Mulching plug for 98cm Tractor TR3800E-B

AMP4200

Mulching plug for ZT4200E-L

ABP5200

Mulching kit (include mulching plug) for ZT5200E-L

General

AMB1000

Rear bumper for ride-on mowers

Standard double-shoulder harness

AHP1300

Leg protector/line trimmer harness attachment for AFH1300 (BAX1300) & BH1001

AHP1500

Leg protector/line trimmer harness attachment for AFH1500 (BAX1500 & BHX1000)

Guards

AD4500

Brush cutter guard

EGO POWER+ CHAINSAWS & POLE SAWS

Chains

AC1001

Pole saw chain for PSA1000, PSX2500 [TRILINK]

AC1200

30cm replacement chainsaw chain for CSX3000

AC1204Q

30cm chainsaw chain for CS1200E

AC1401

35cm replacement chainsaw chain for CS1400E [TRILINK]

AC1601

40cm replacement chainsaw chain for CS1600E [TRILINK]

AC1801

45cm replacement chainsaw chain for CS1800E [TRILINK]

AC2005

50cm replacement chainsaw chain for CS2000E

AC1635

40cm replacement chainsaw chain for CSX5000

AC1835

45cm replacement chainsaw chain for CSX5000

AC2035

50cm replacement chainsaw chain for CSX5000

AC1000Q

25cm chainsaw chain for PS1000E

Bars

AG1001

Pole saw bar for PSA1000,
PSX2500

AG1000Q

25cm chainsaw bar
for PS1000E

AG1200

30cm replacement chainsaw bar
for CSX3000

AG1401

35cm replacement chainsaw bar
for CS1400E

AG1601

40cm replacement chainsaw bar
for CS1600E

AG1801

45cm replacement chainsaw bar
for CS1800E

AG2005

50cm chainsaw bar
for CS2000E

Bar & Chain Kits

AK1204Q

30cm replacement bar and
chain kit for CS1200E

AK1635

40cm replacement bar and
chain kit for CSX5000

AK1835

45cm replacement bar and
chain kit for CSX5000

AK2035

50cm replacement bar and
chain kit for CSX5000

General

BCS1000

Chainsaw bag
